

Tracks Connectathon 2025

Continuidad de Atención Transfronteriza

Certificados Digitales de Vacunación

TRACK 1: Cross Border Continuity of Care for people in mobility

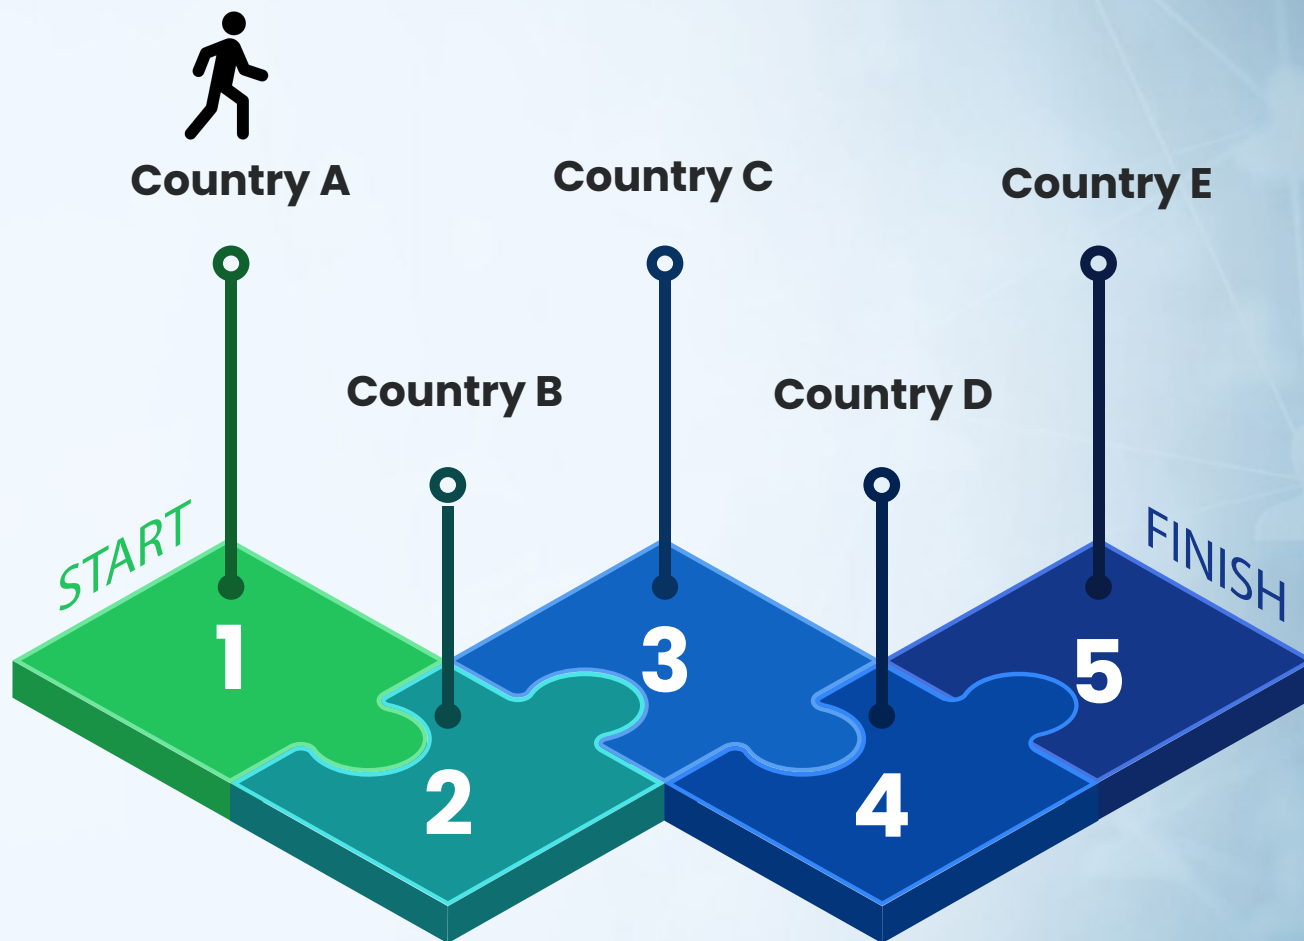

Description:

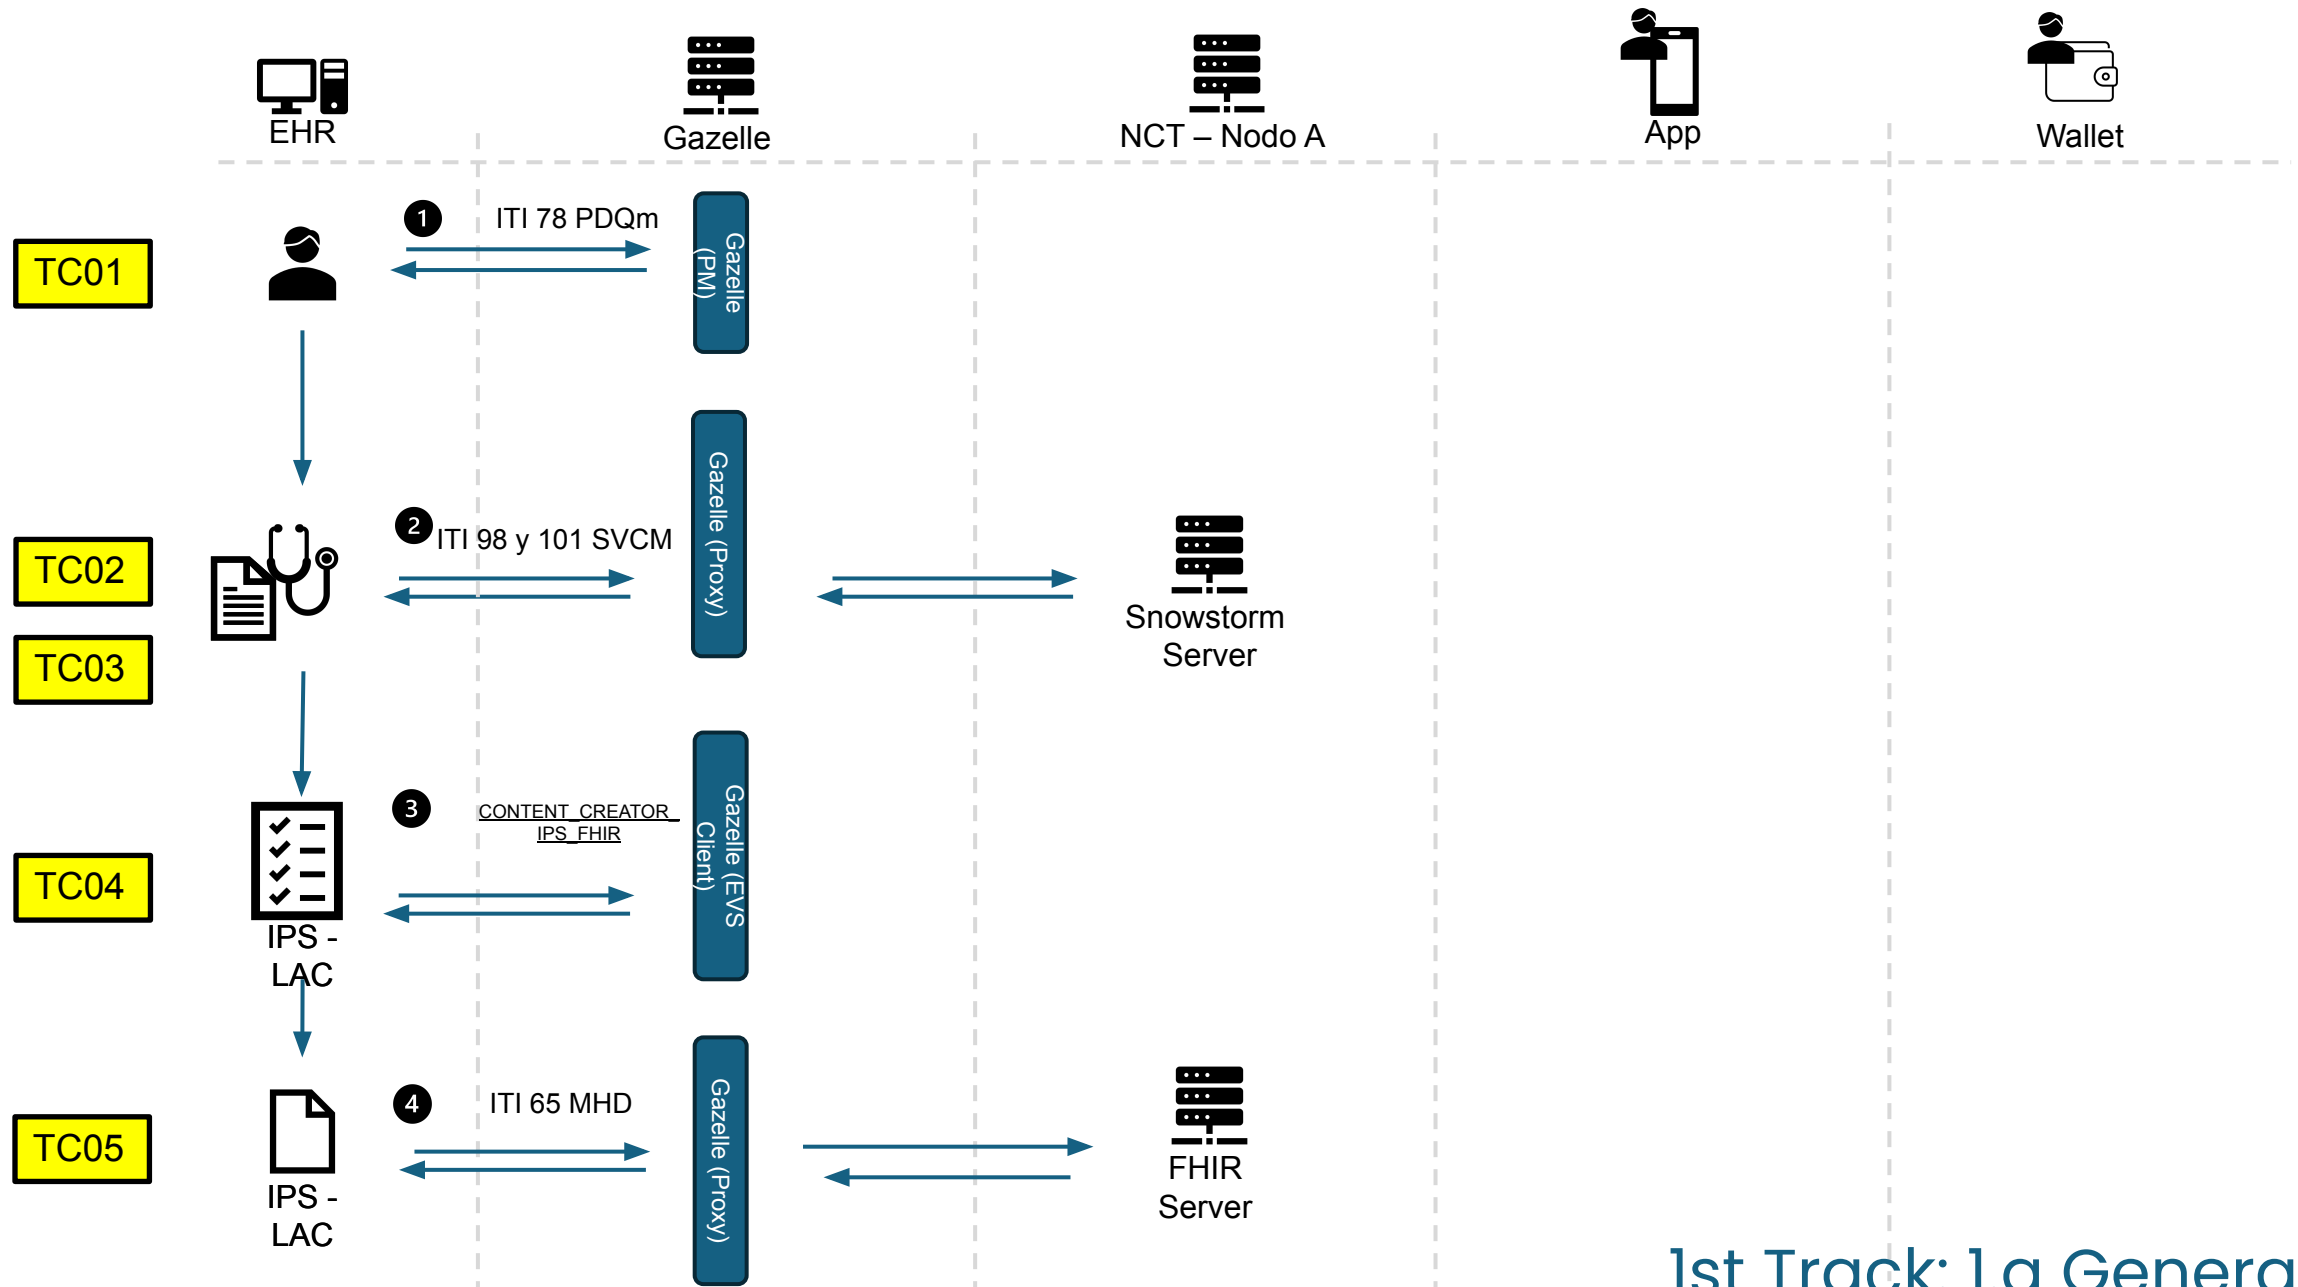

Enable a patient to access their international patient summary (IPS) in a country other than the country of origin, allowing them to update information as needed and keep it with them at all times.

Scenario:

A patient departs their country of origin, A, traveling to country E. Throughout their journey, they transit through countries B, C, and D, receiving medical care in each location. This use case assumes that the person begins their journey with their IPS, which is updated every time they receive healthcare services, ensuring they arrive in their destination country, E, with an up-to-date International patient summary.

Profiles: IPS, MHD, PIXm/PDQm, SVCM, SHL/VHL, App/Wallet.

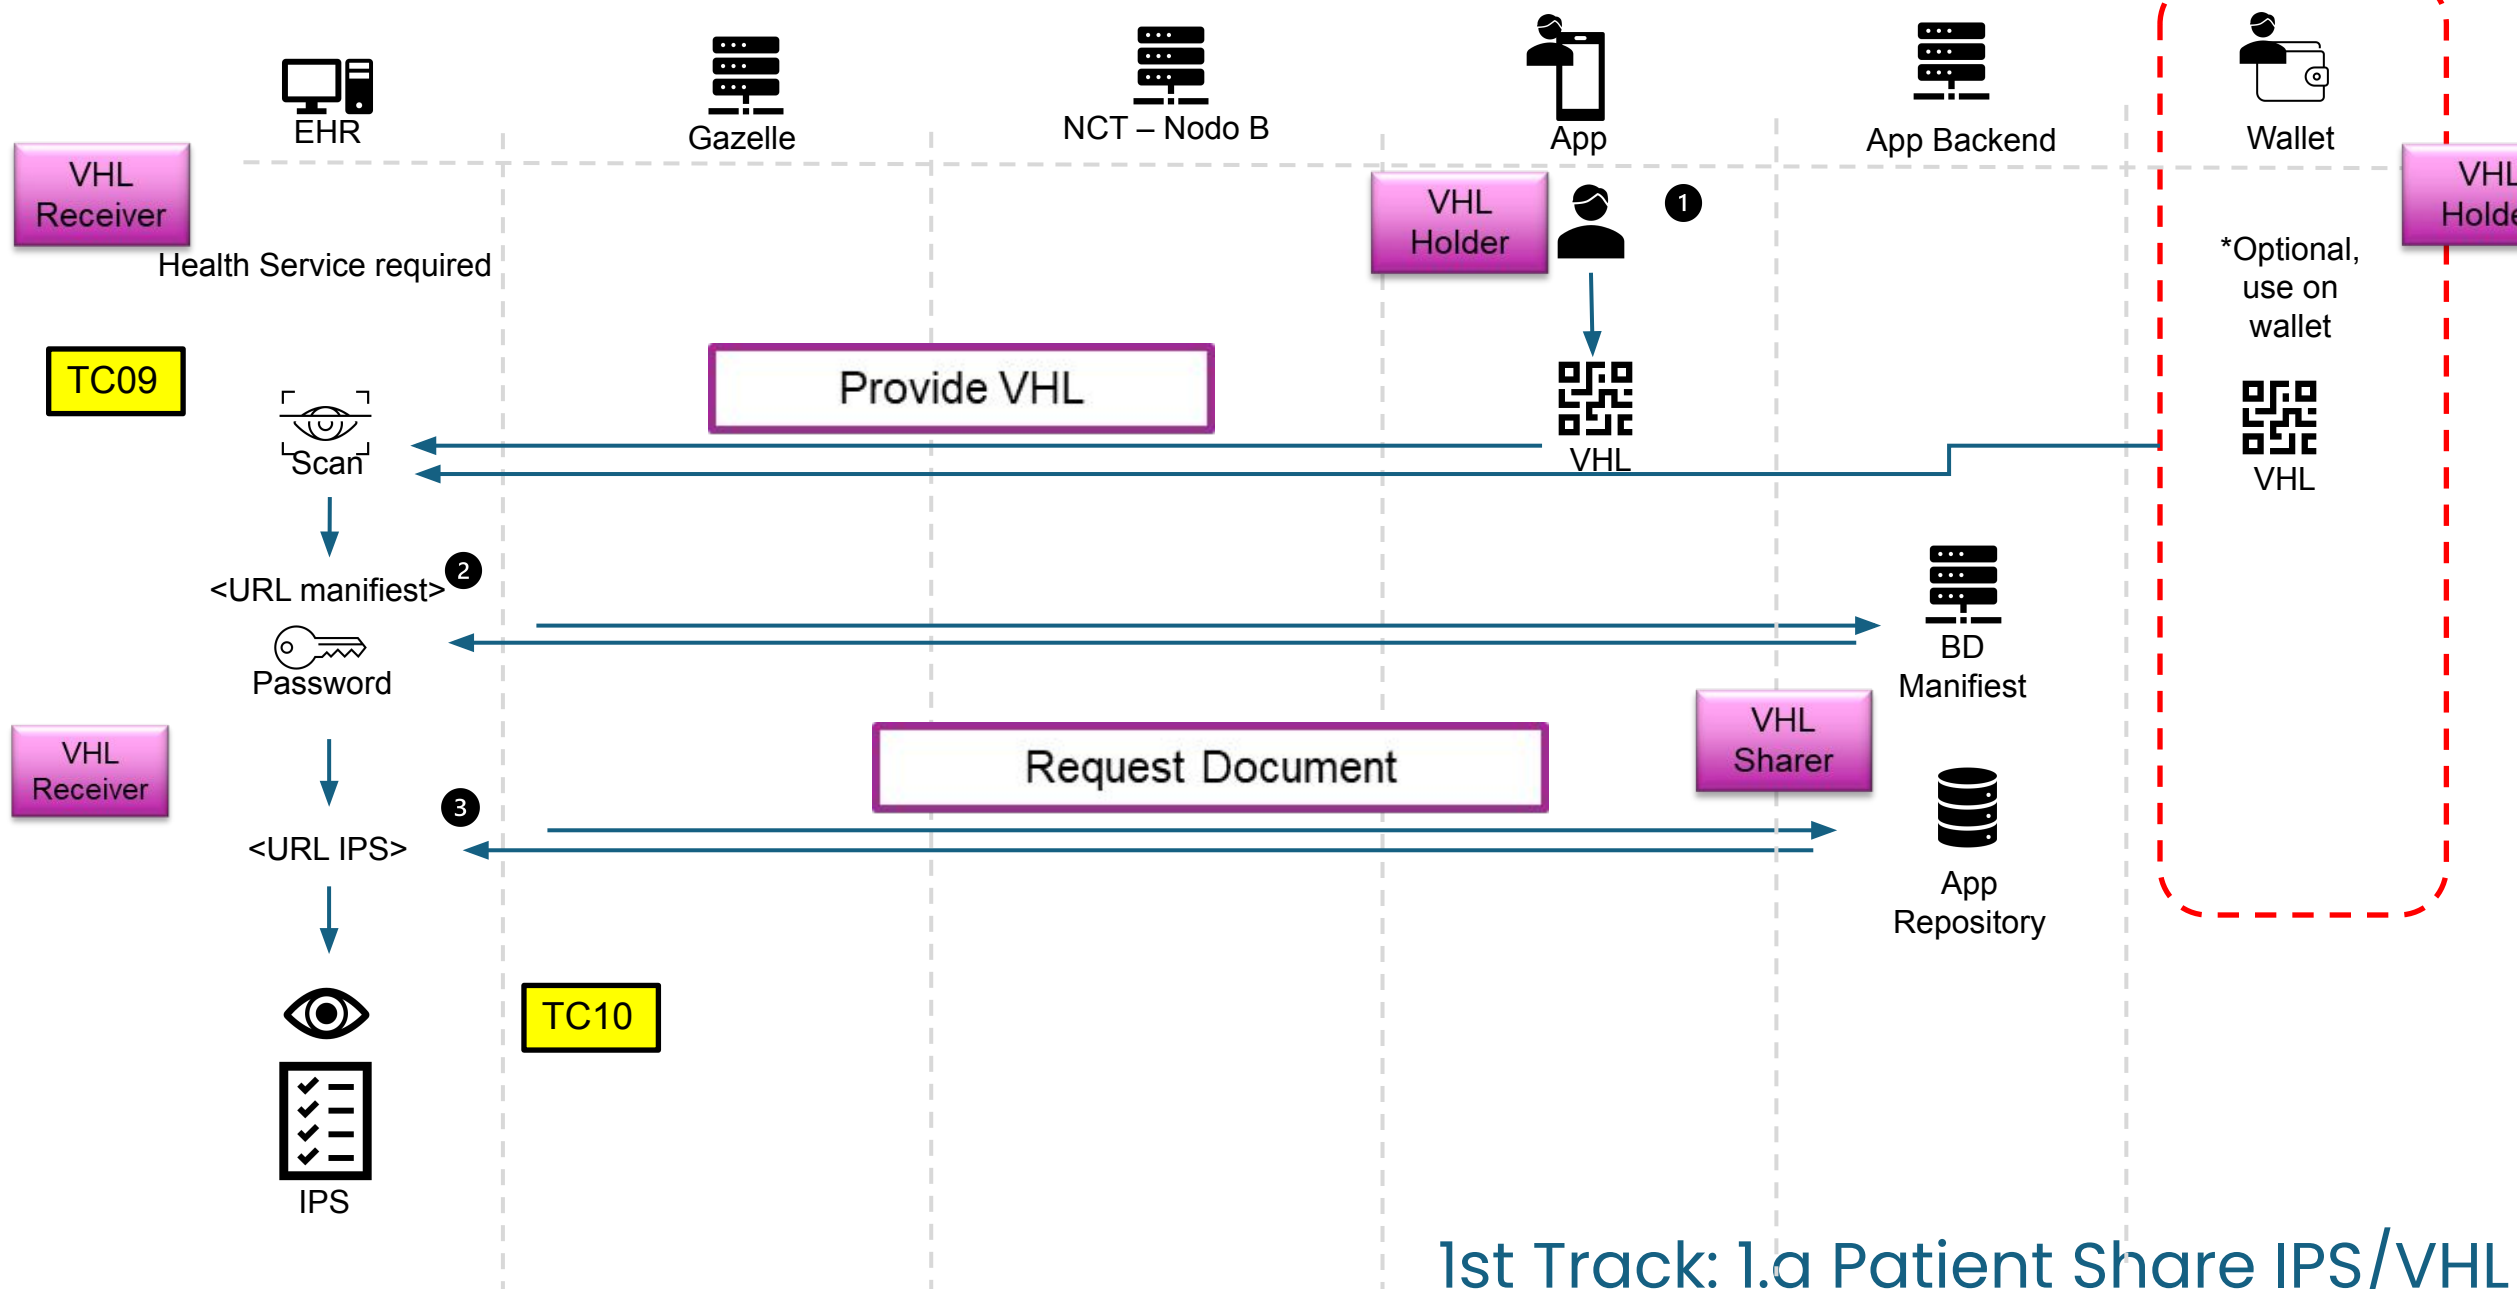

1st Track: 1.a Generate IPS
Cross-border continuity of care

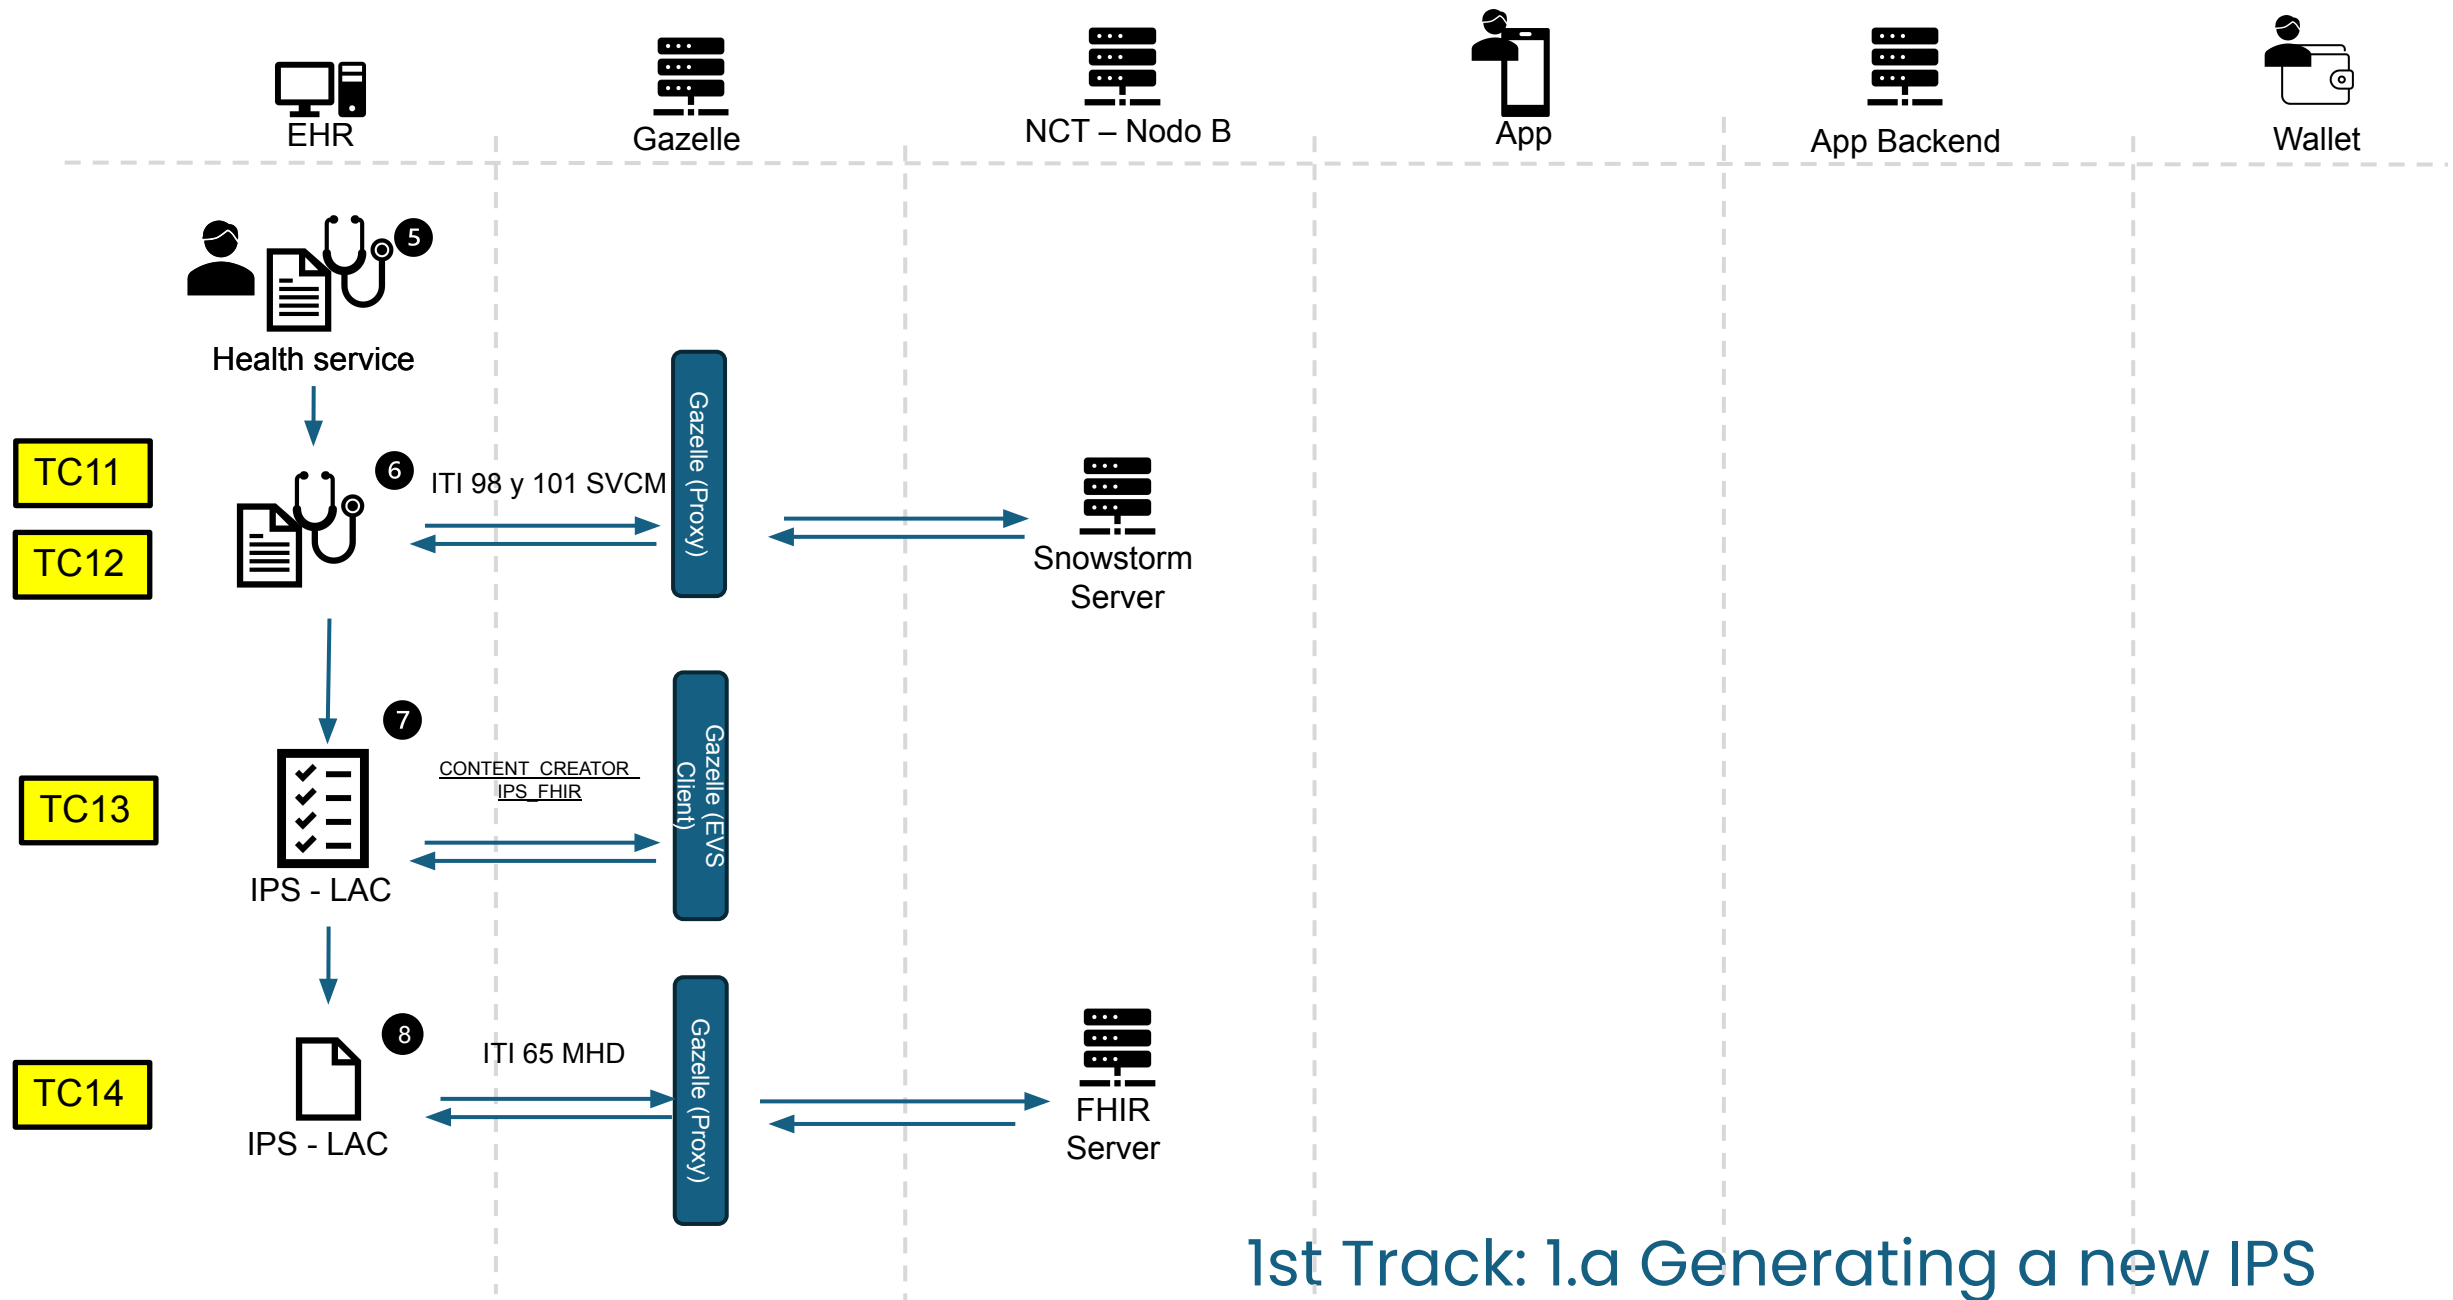

Description of TC07

1st Track: 1.a Patient Share IPS/VHL

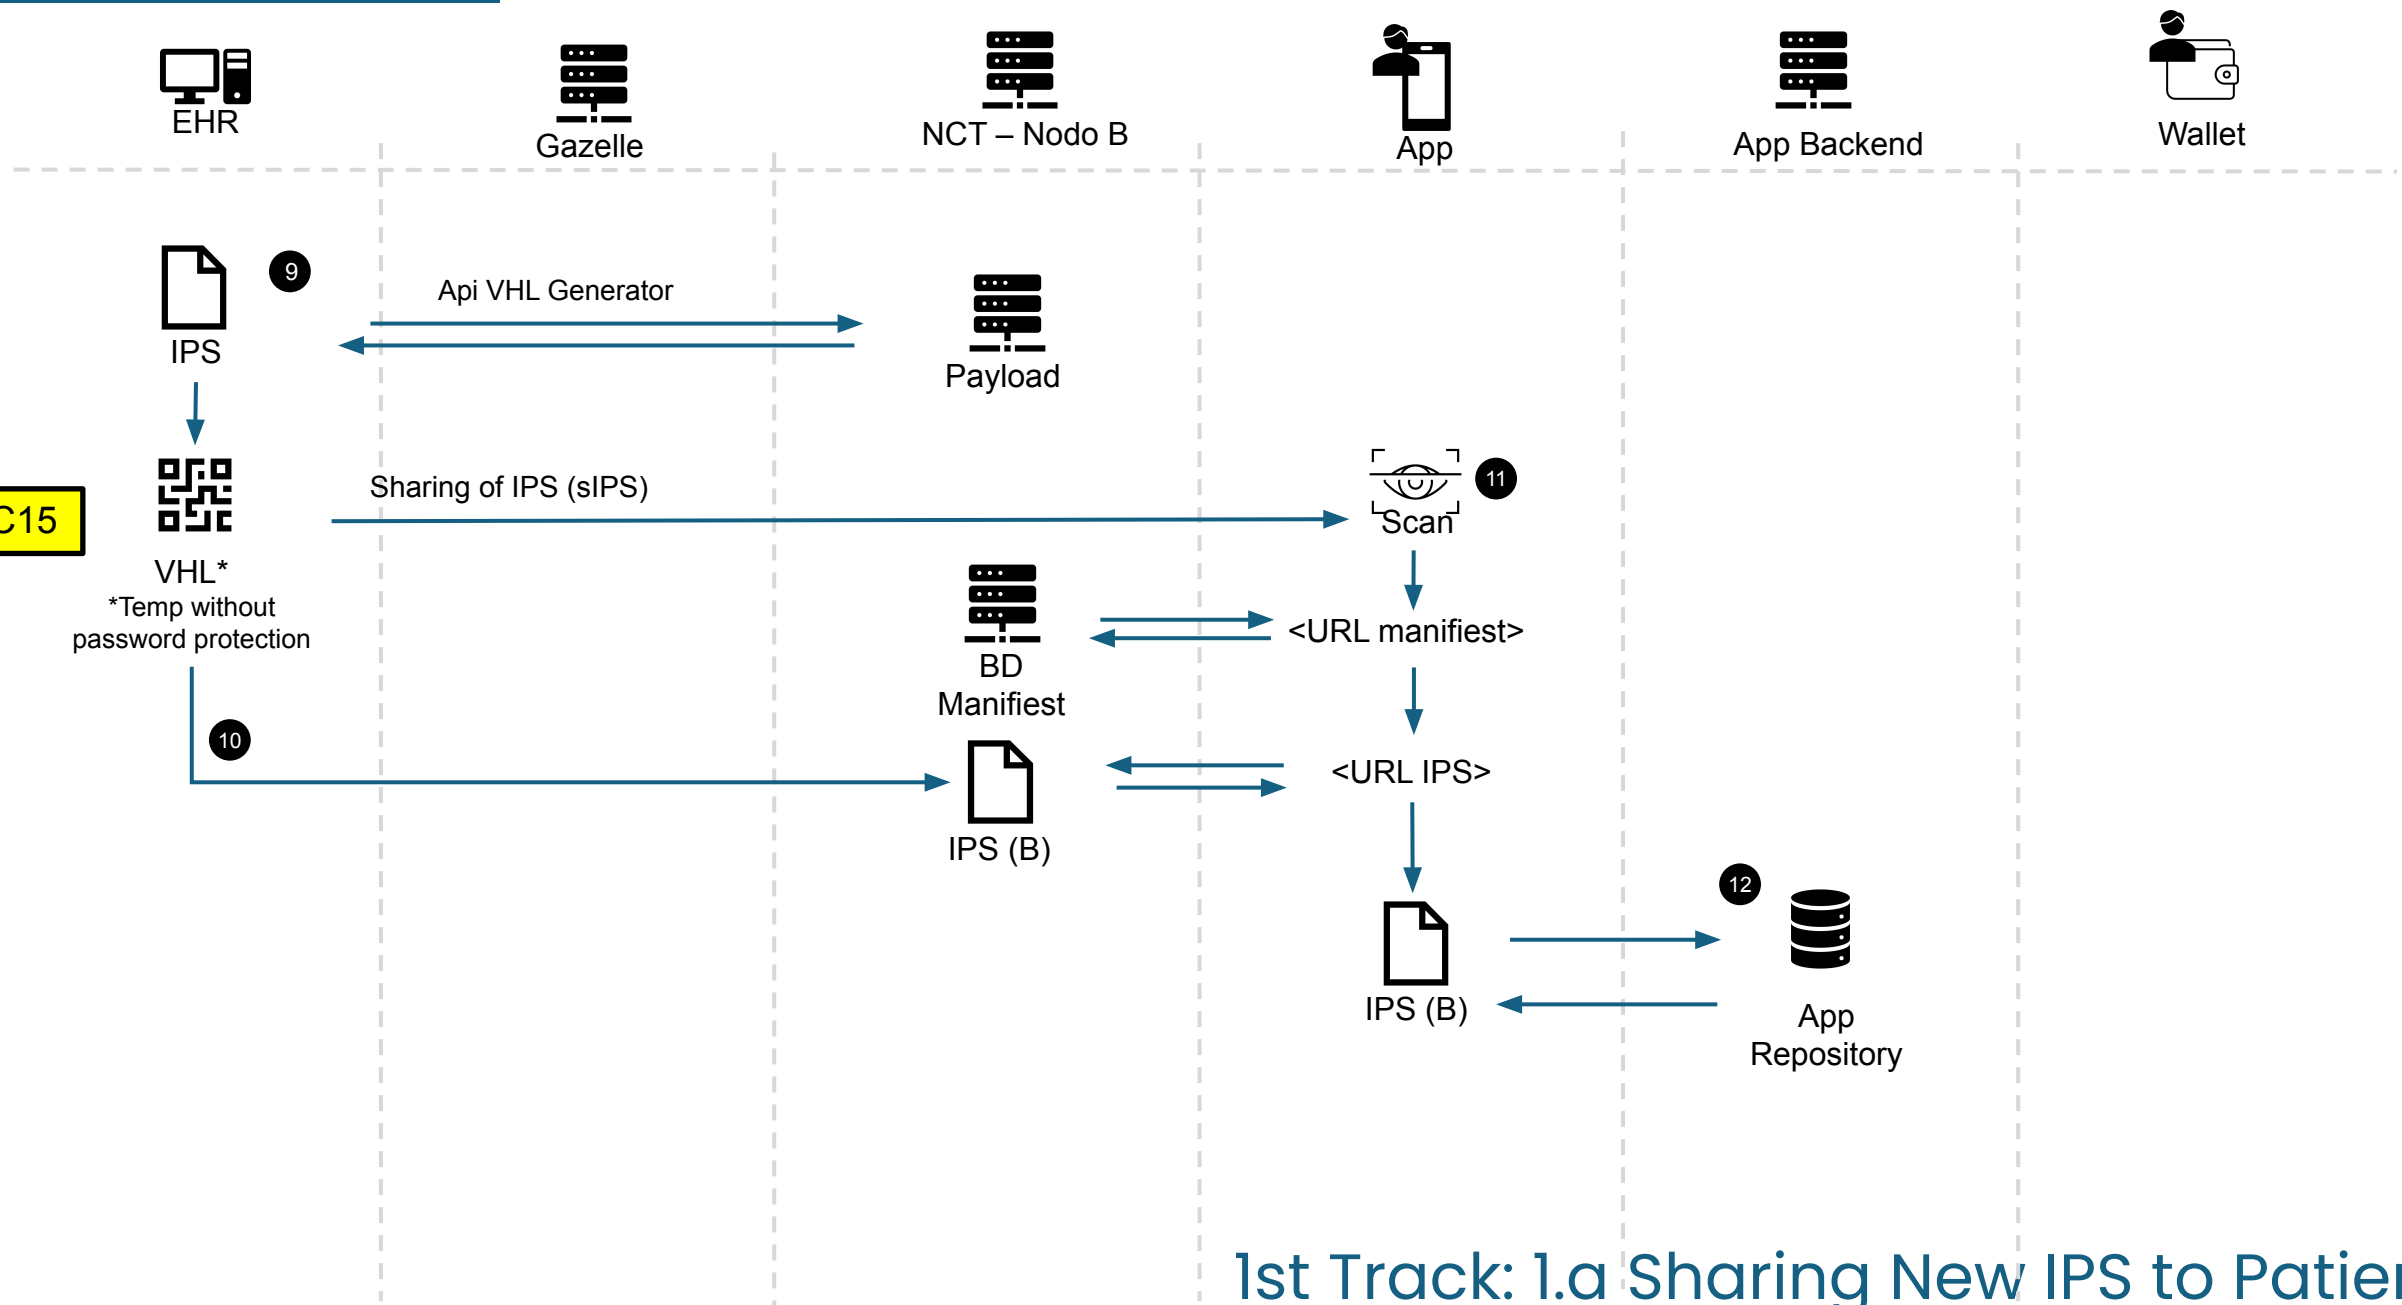

Cross-border continuity of care

1st Track: 1.a Generating a new IPS

Cross-border continuity of care

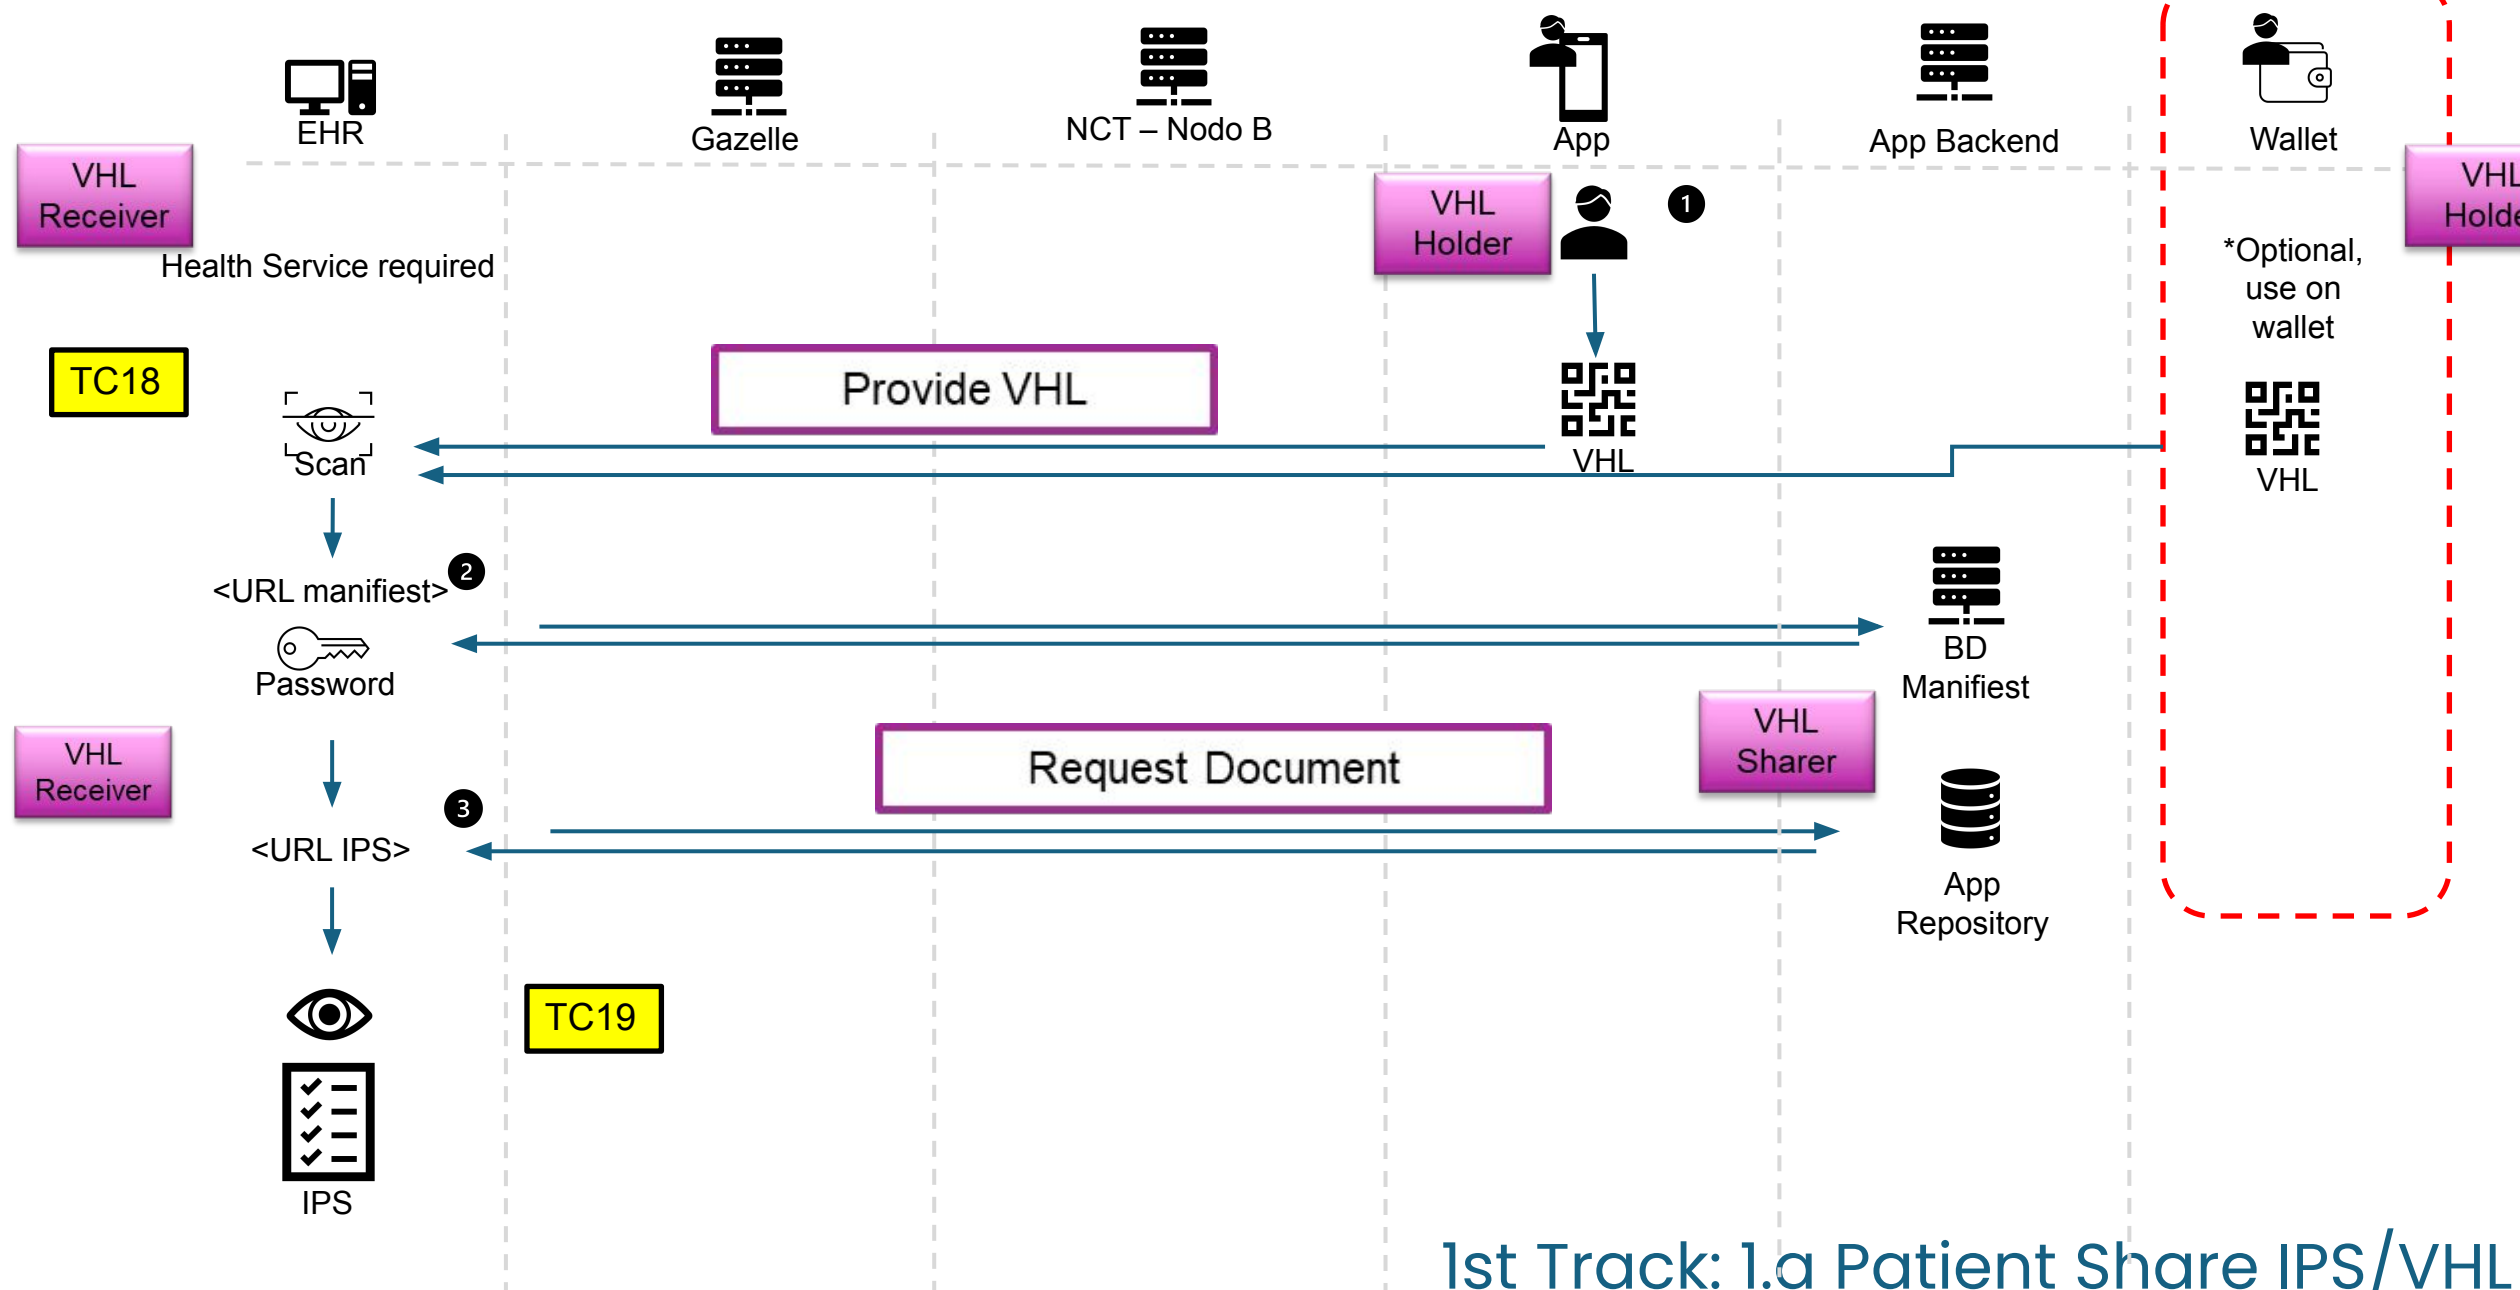

TC15

1st Track: 1.a Sharing New IPS to Patient

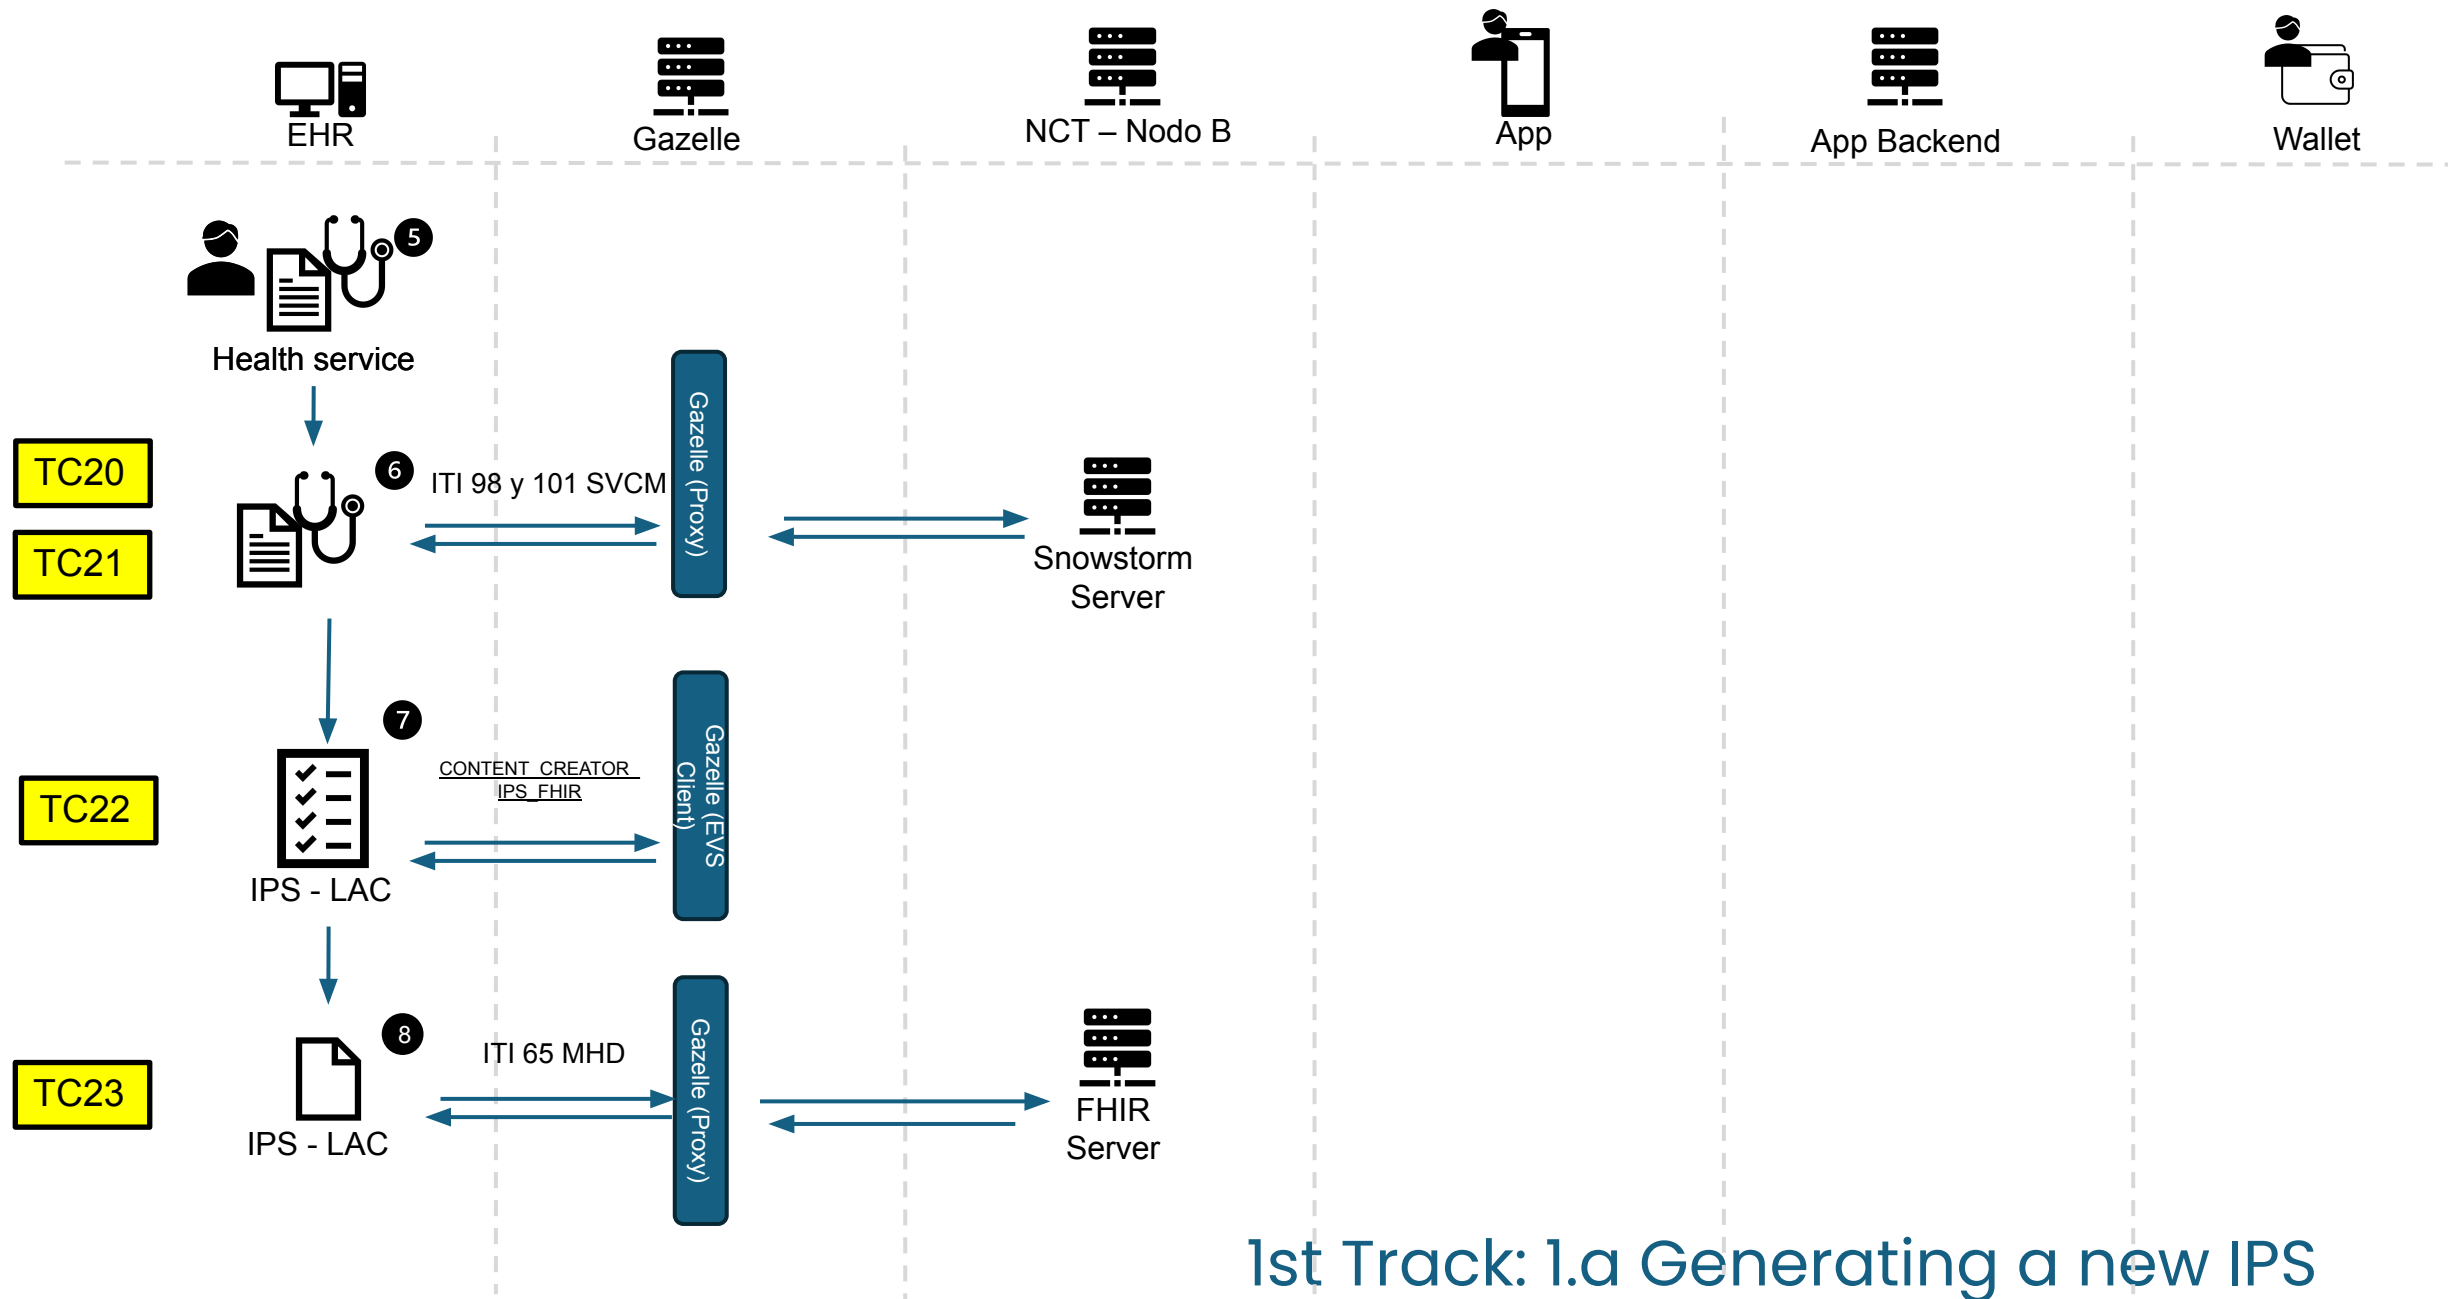

Cross-border continuity of care

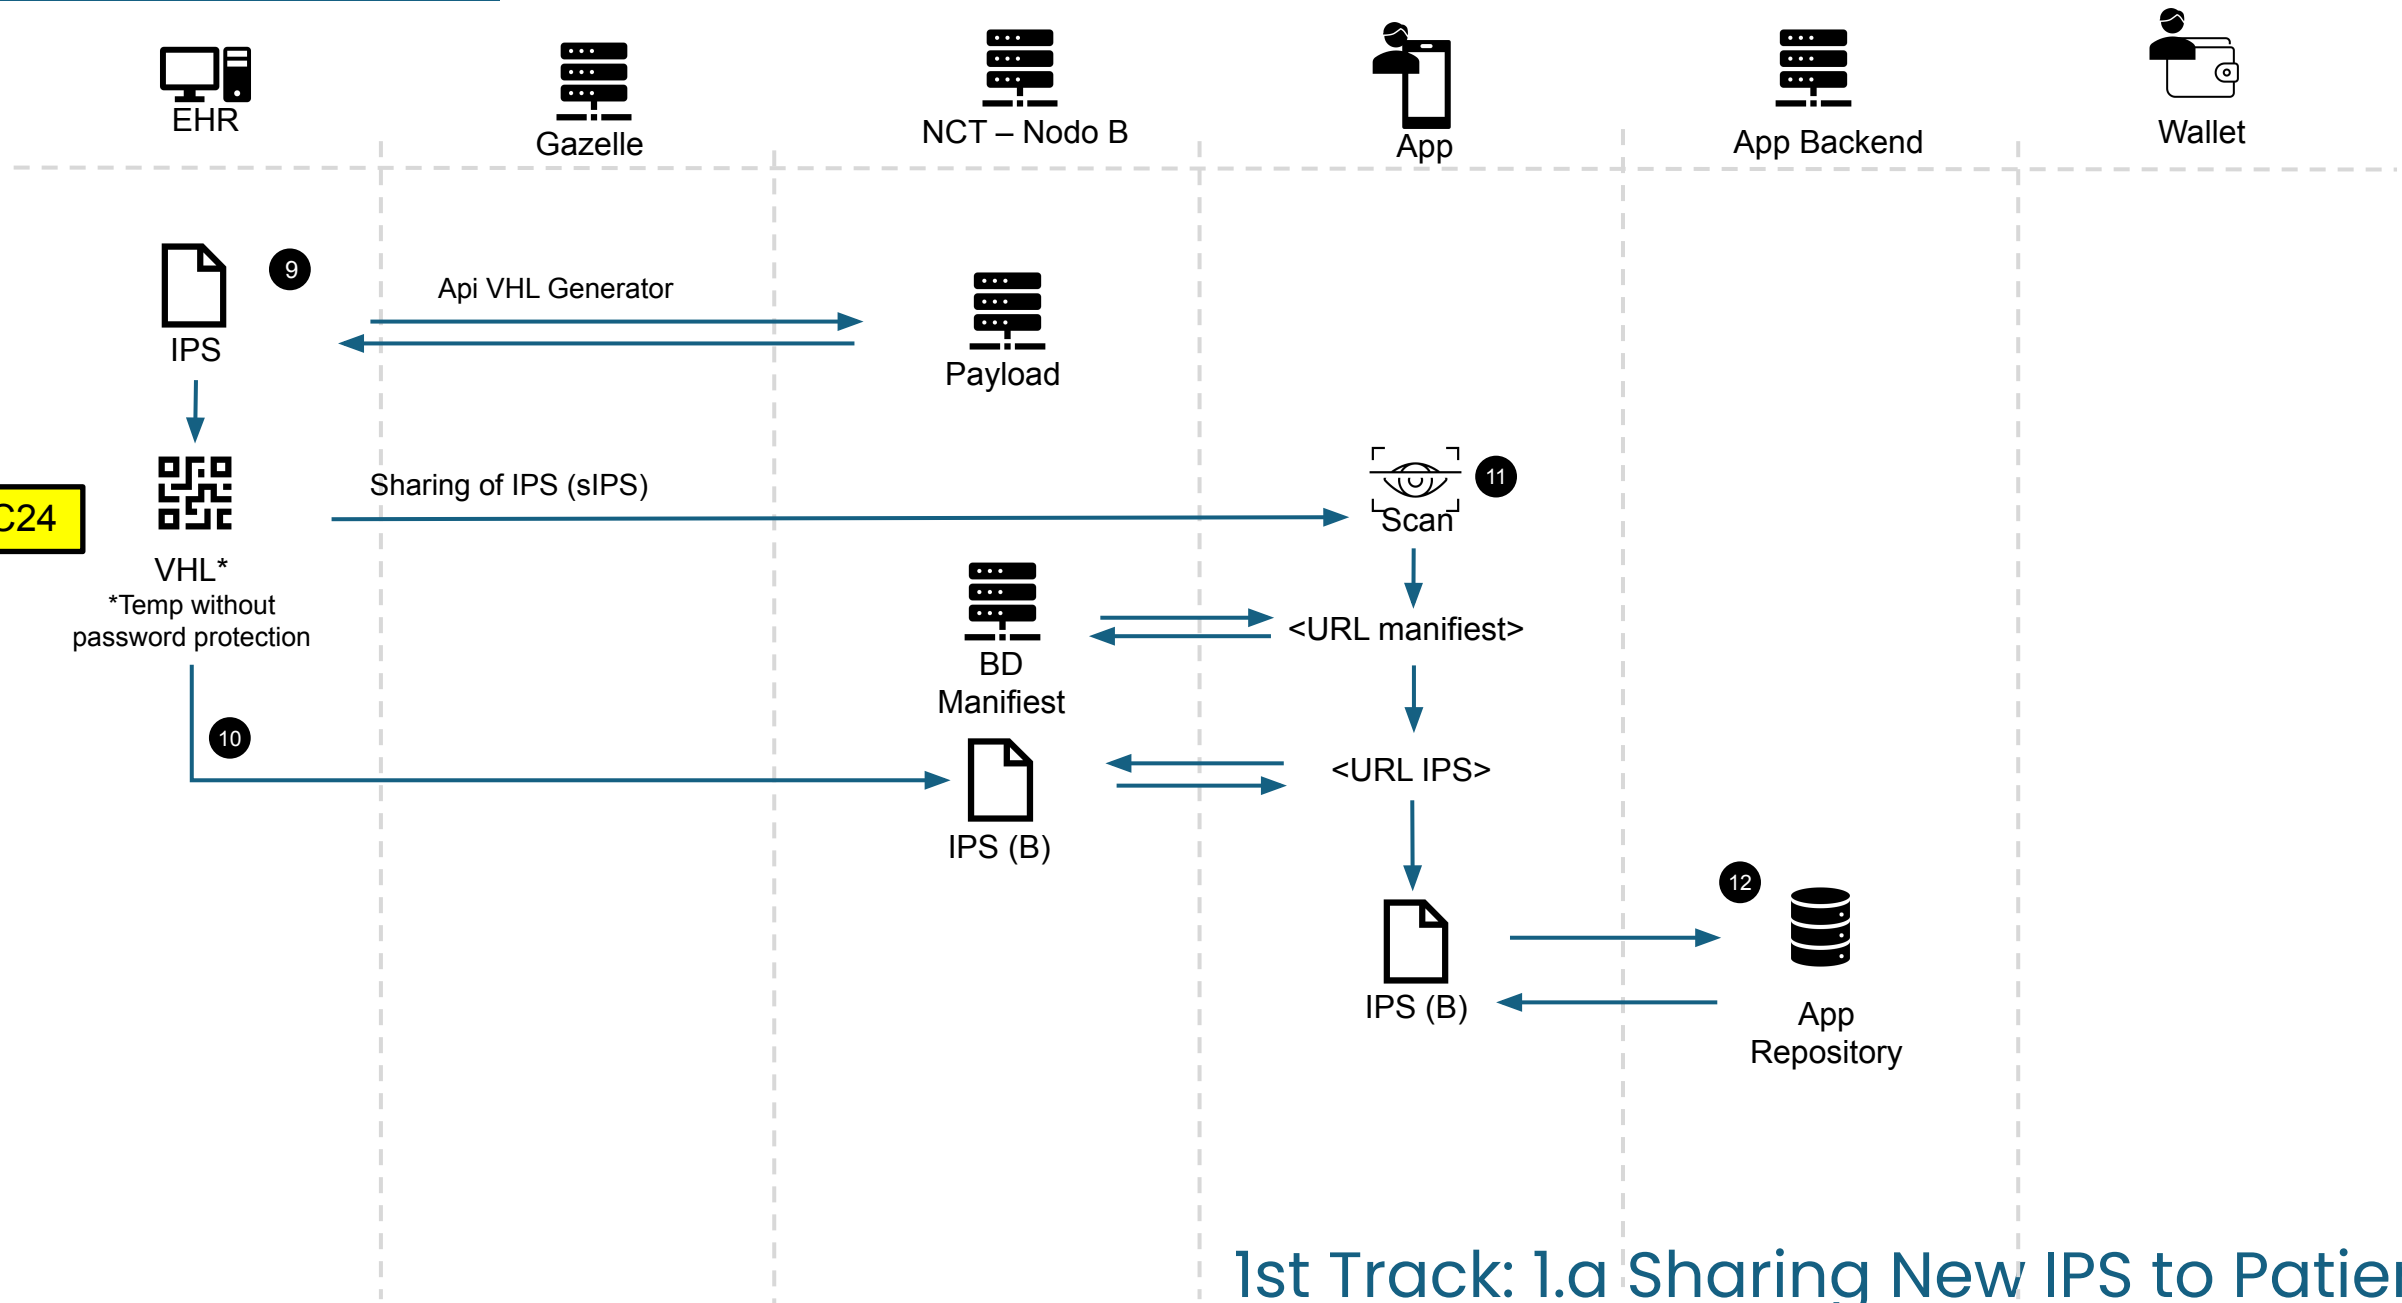

1st Track: 1.a Patient Share IPS/VHL

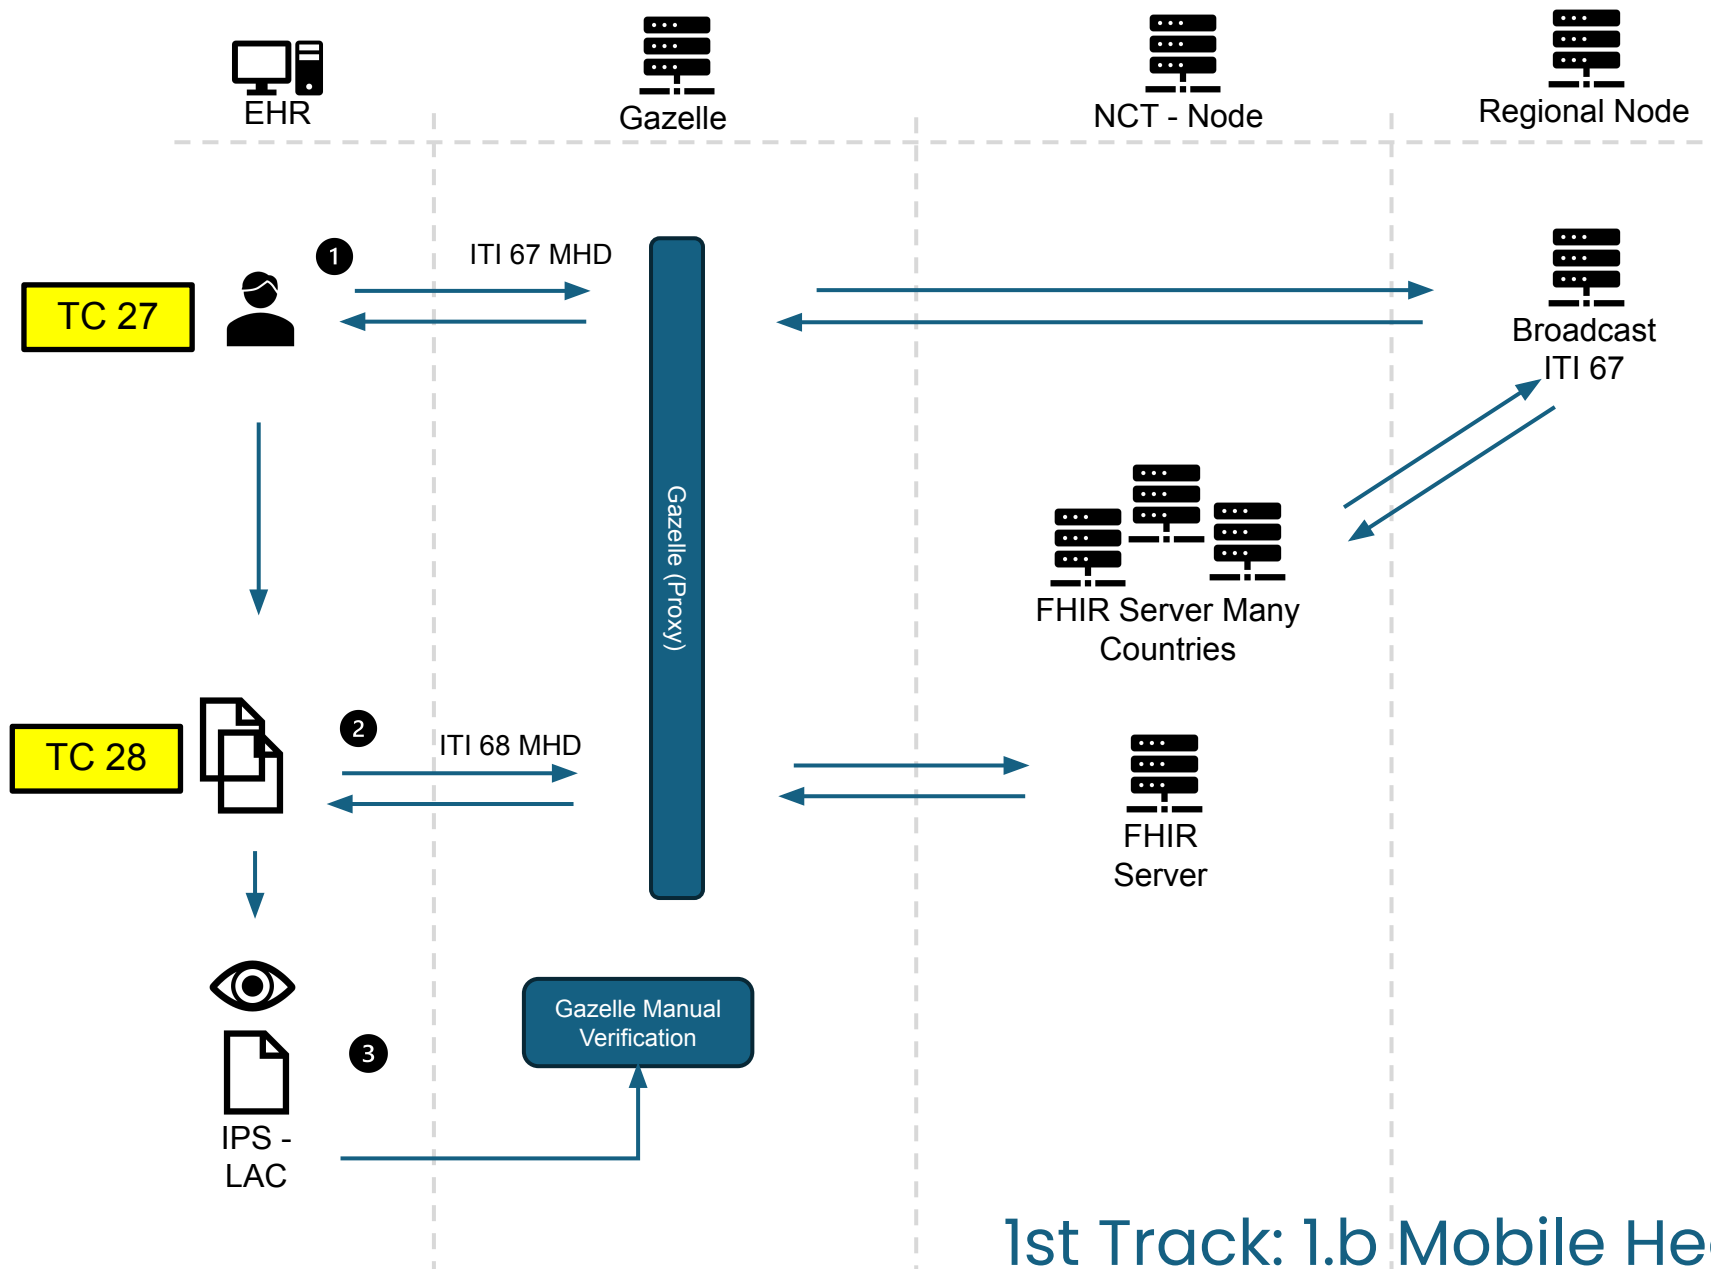

Cross-border continuity of care

TC24

1st Track: 1.b Mobile Health Document Sharing

Cross-border continuity of care

TRACK 2: Digital Vaccination Certificates

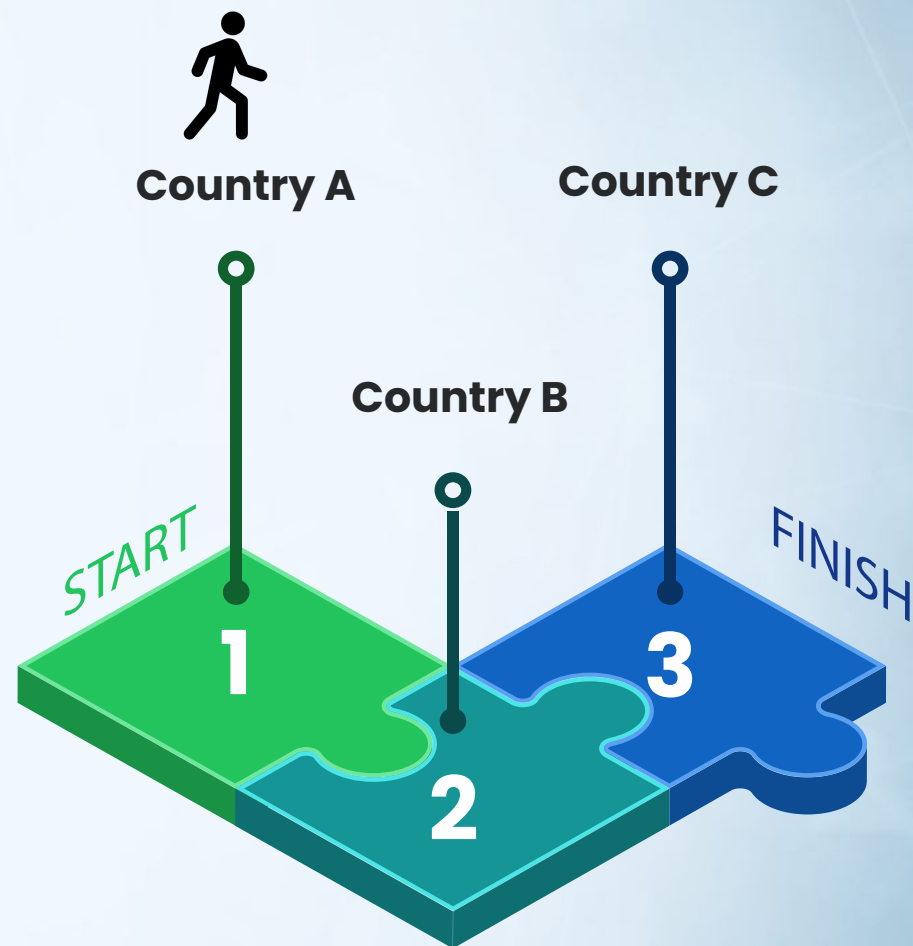

Description:

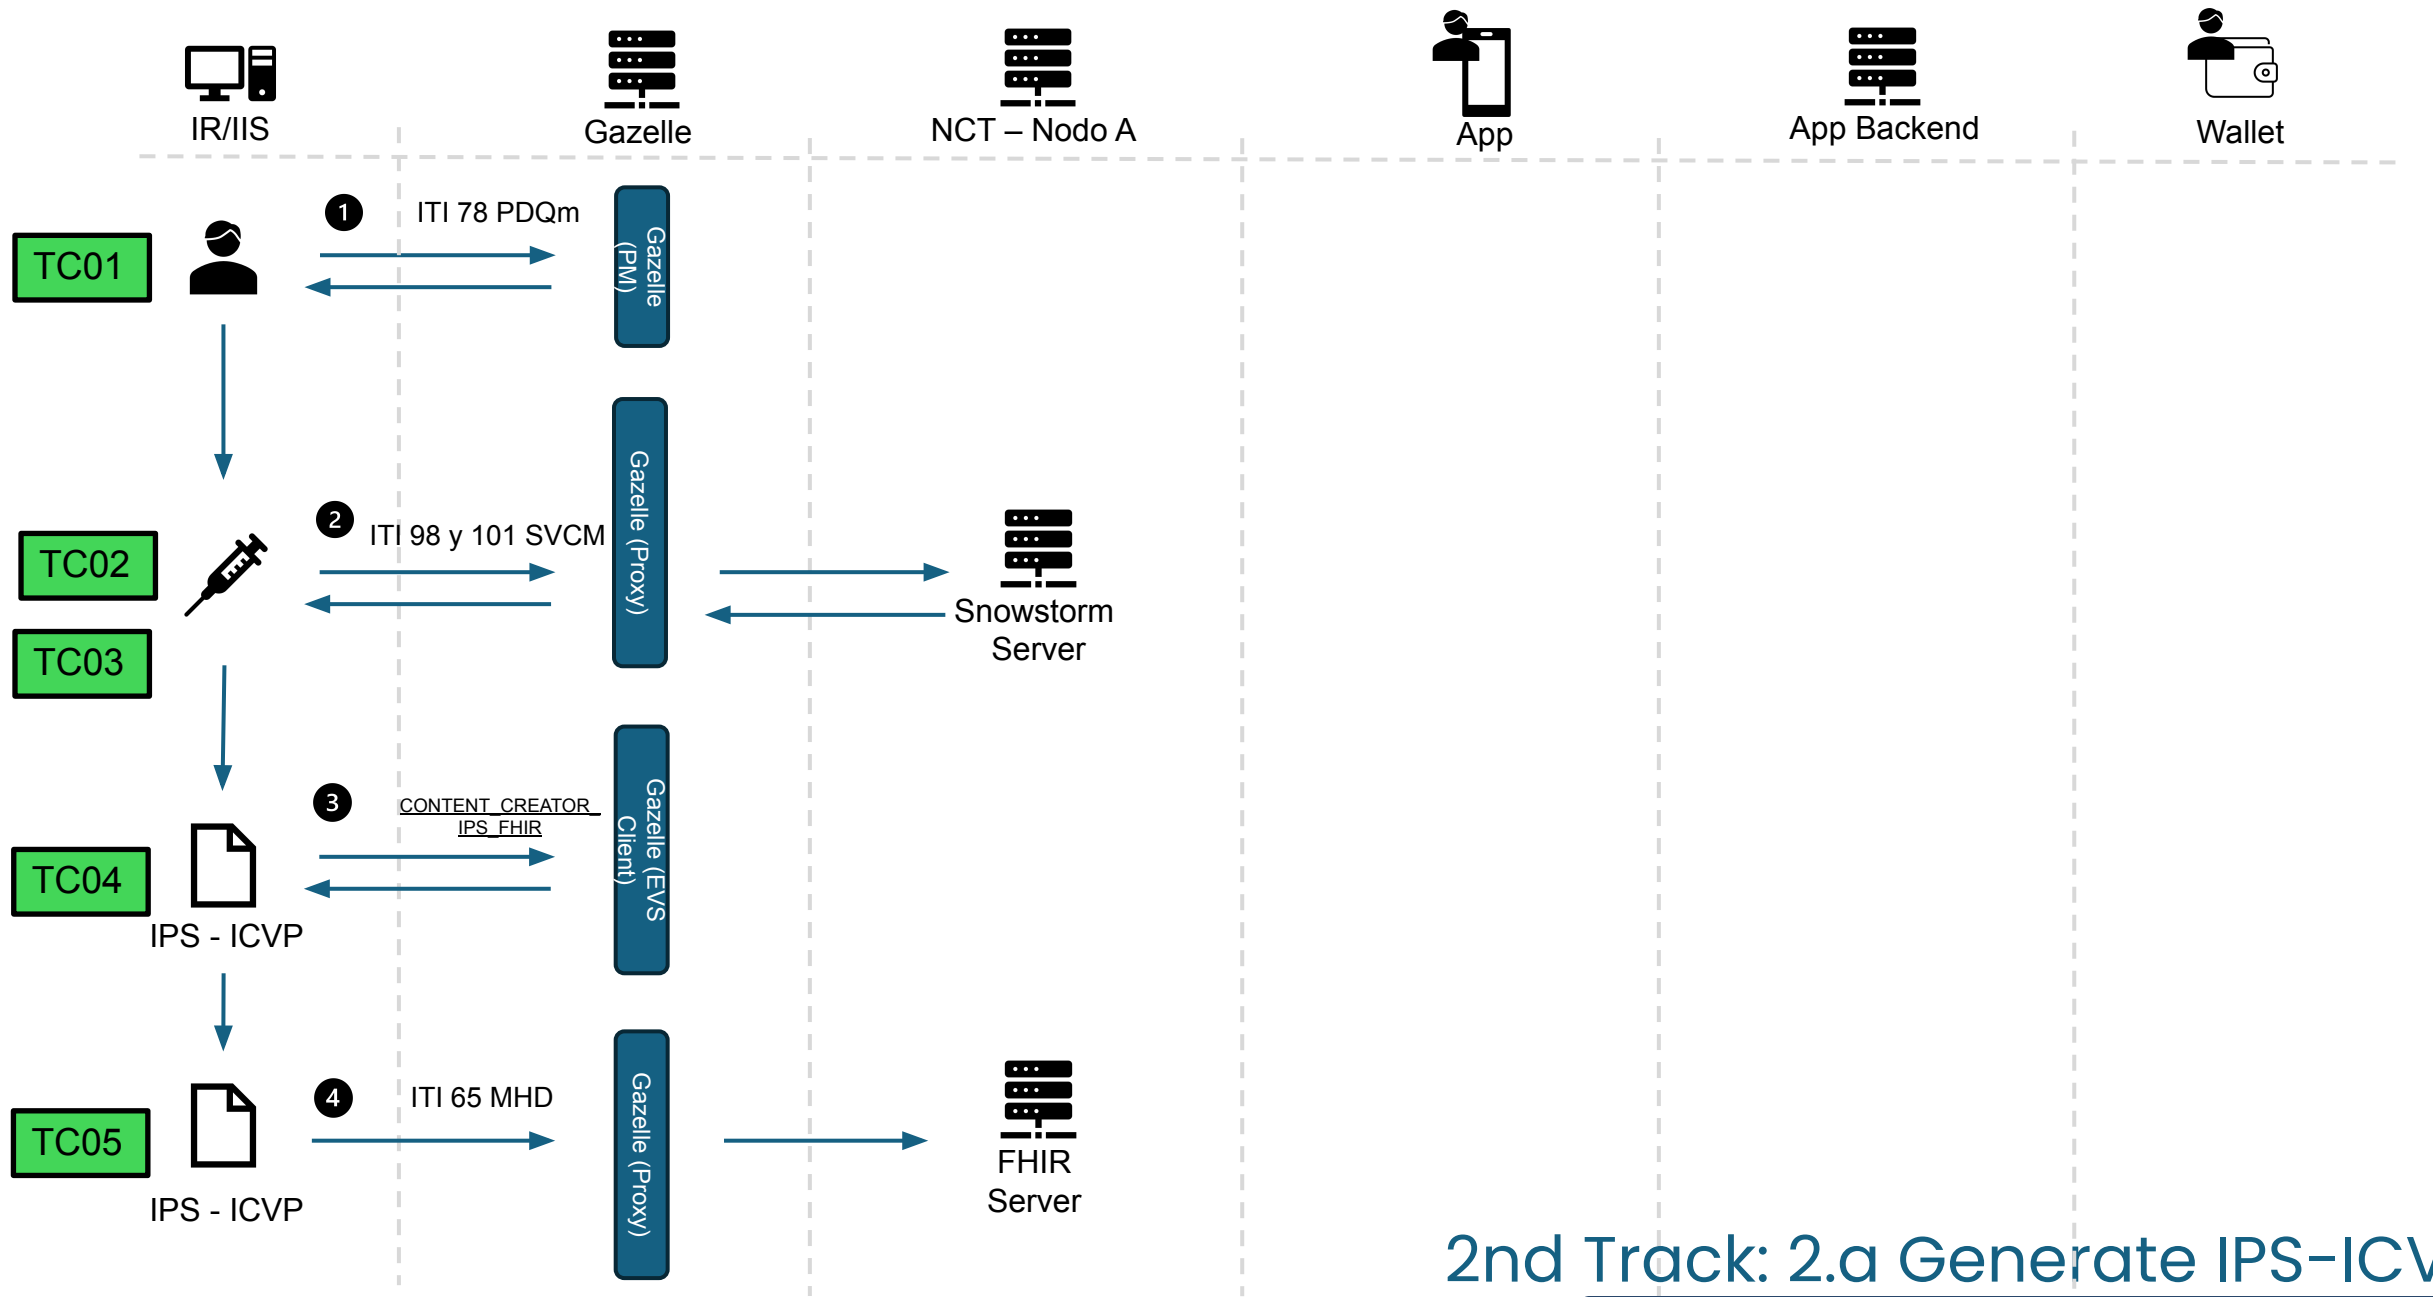

Test the interoperability and validation of digital vaccination certificates in international travel scenarios, ensuring compliance with security standards, trust frameworks, and interoperable formats

Scenario:

A patient begins their journey with digital vaccination certificates. Along the way, they must present their digital certificate in each country they pass through and receive new immunizations, which they need to add to their digital wallet.

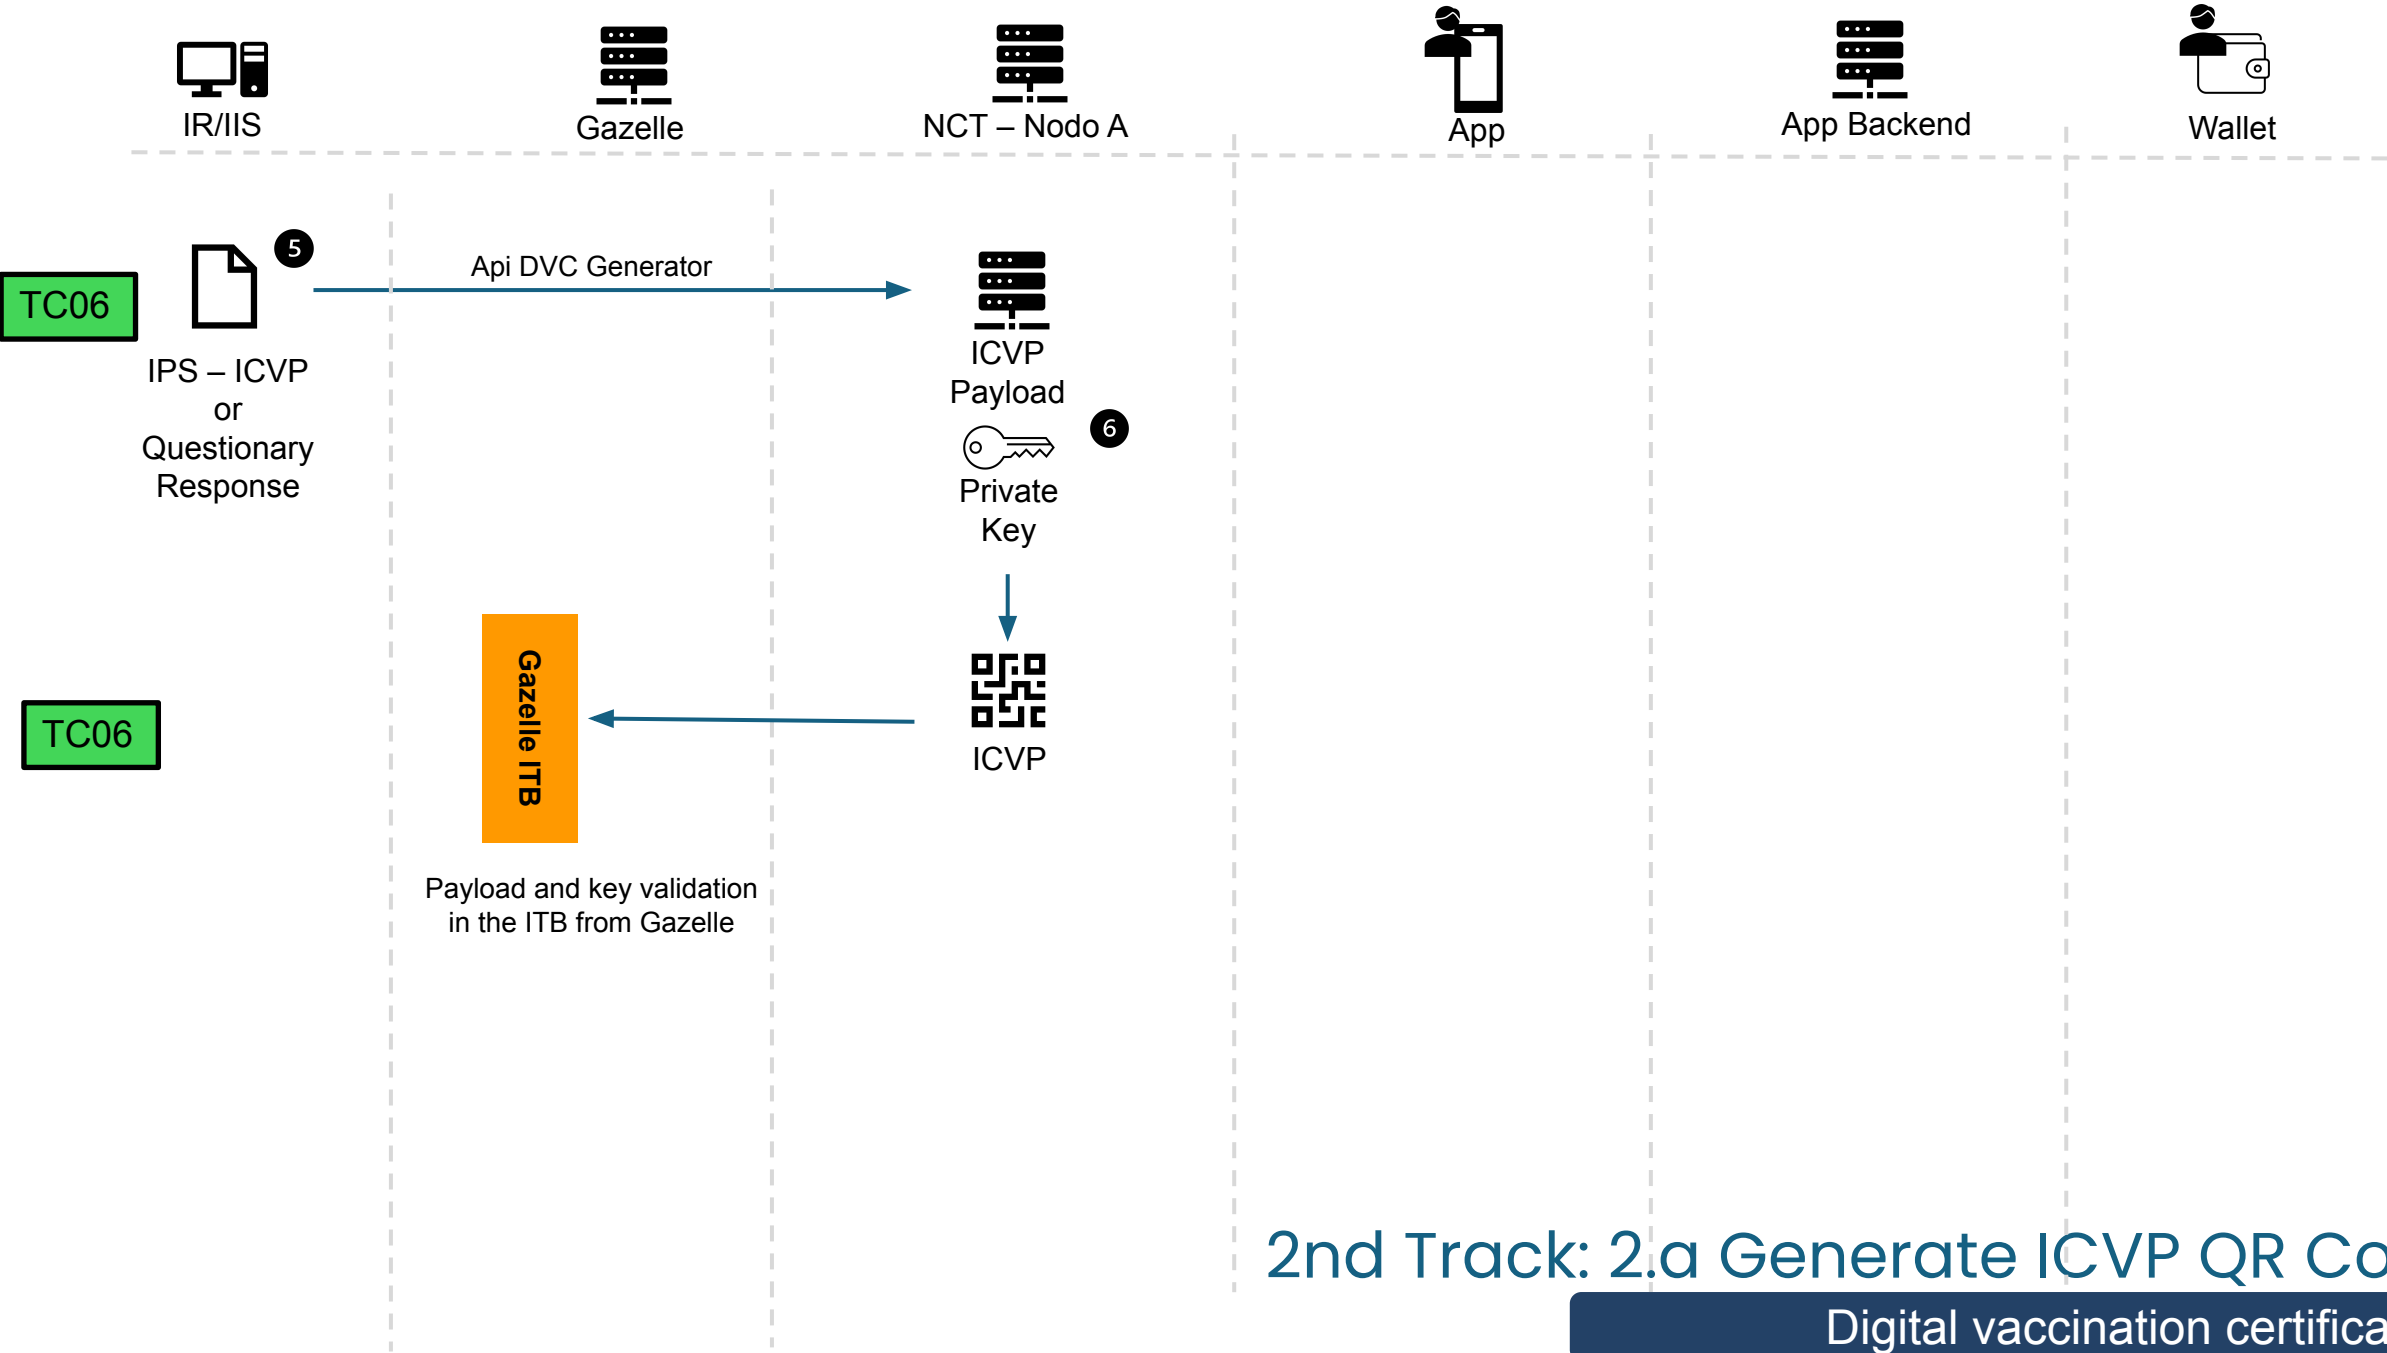

Profiles: ICVP/DVC, IPS, SVCM, PIXm/PDQm, App/Wallet.

2nd Track: 2.a Generate IPS-ICVP

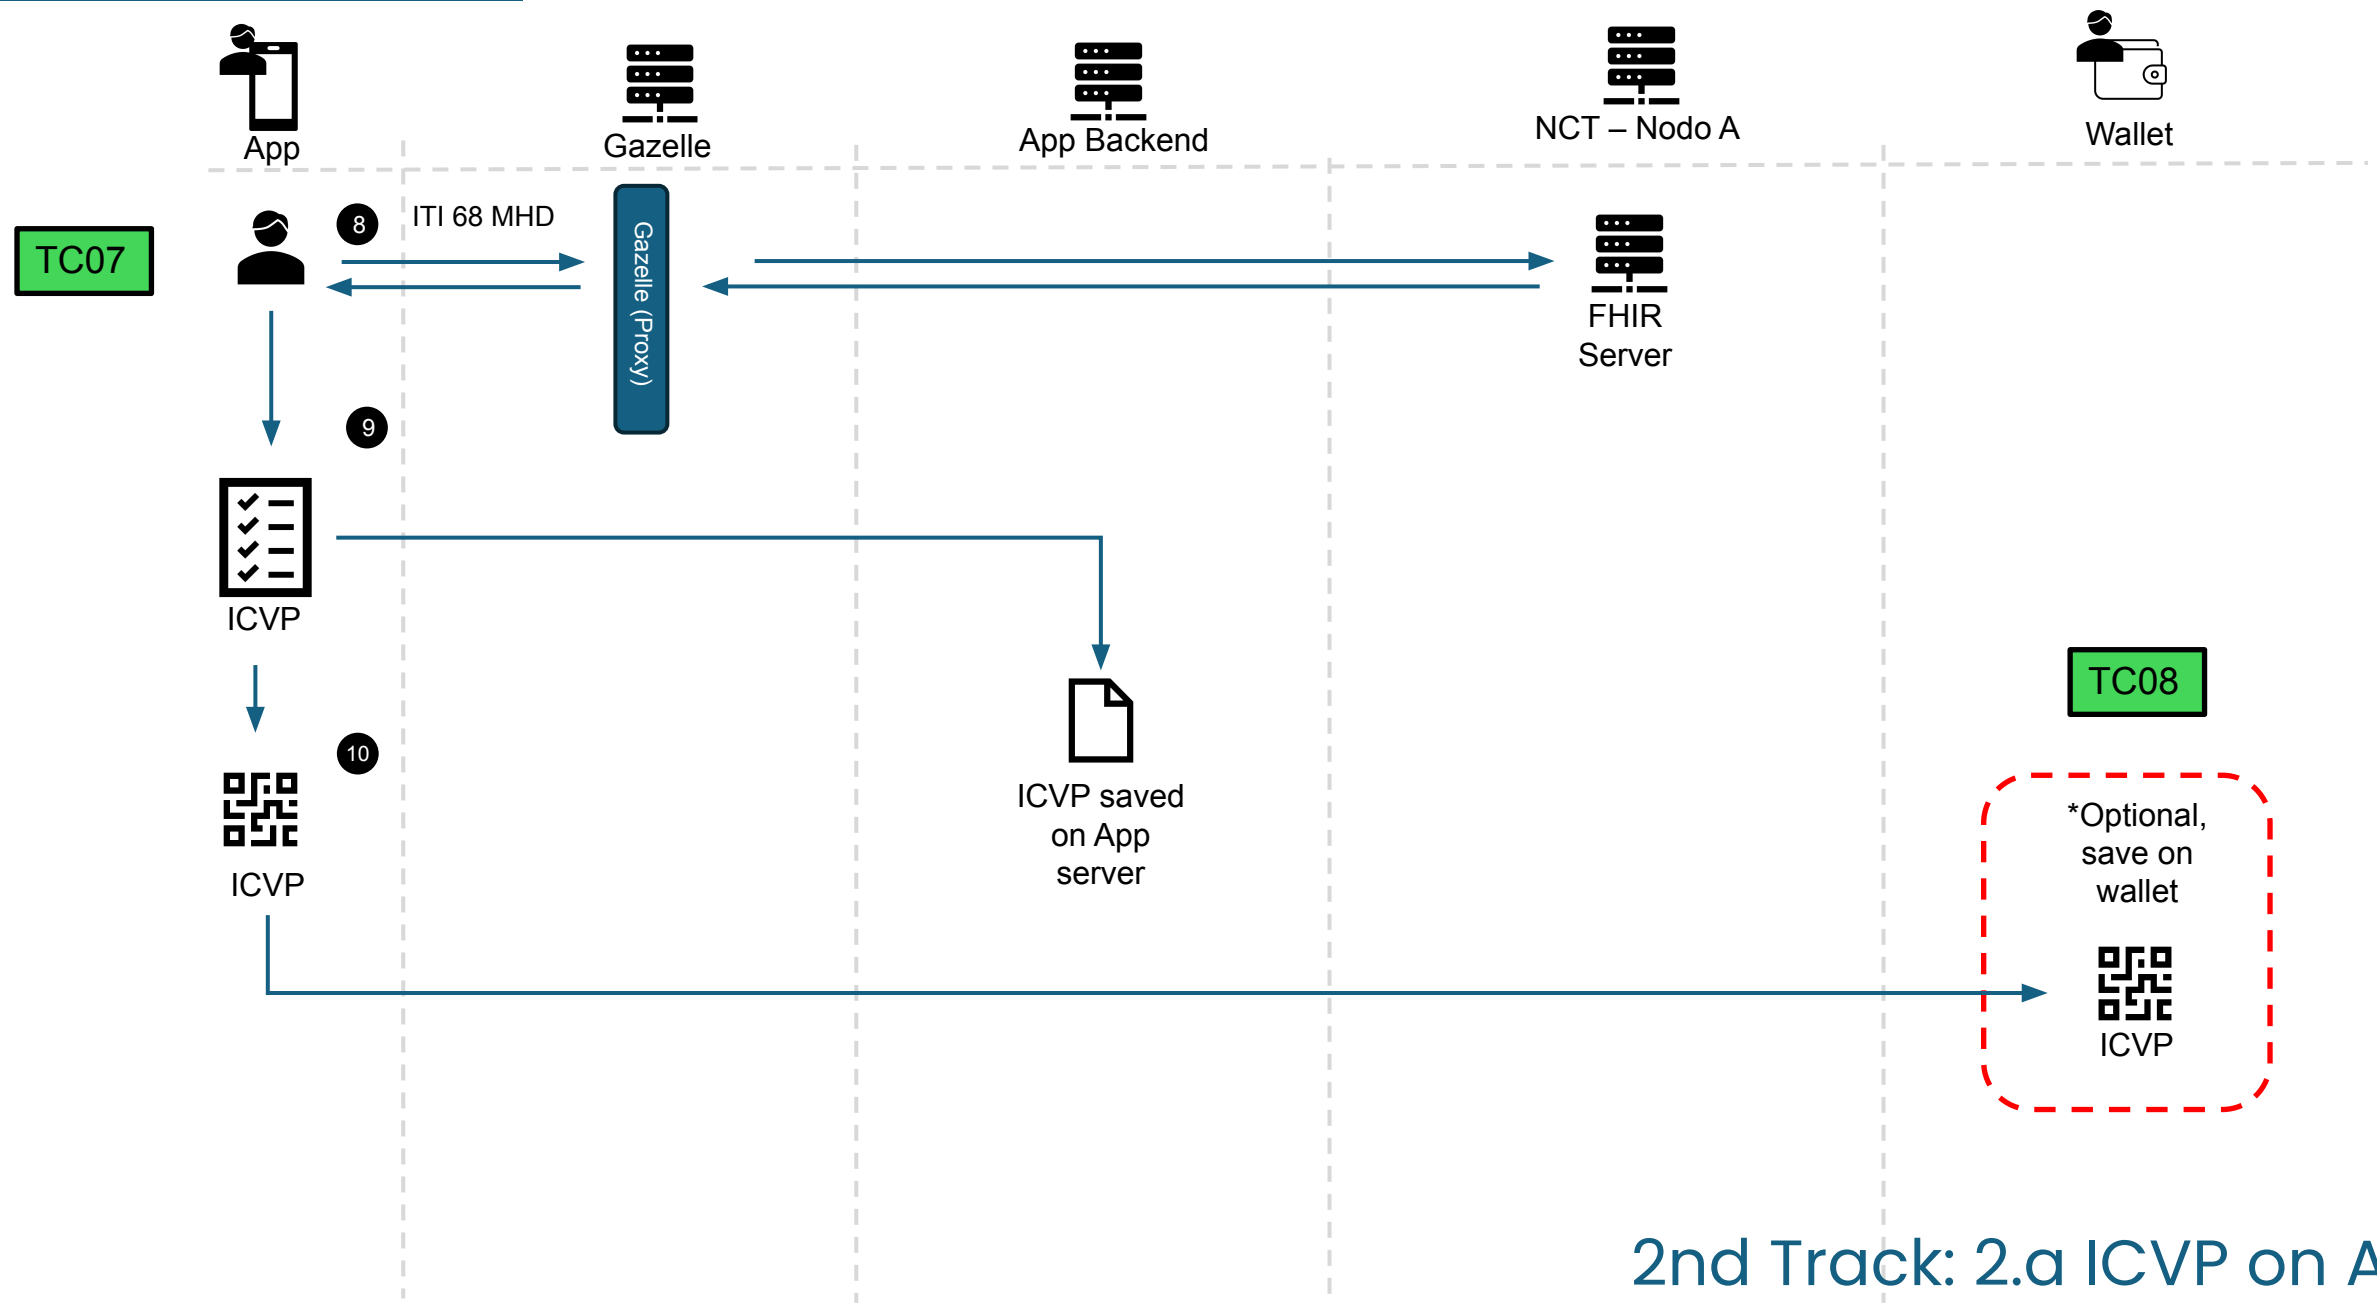

Digital vaccination certificates

2nd Track: 2.a Generate ICVP QR Code

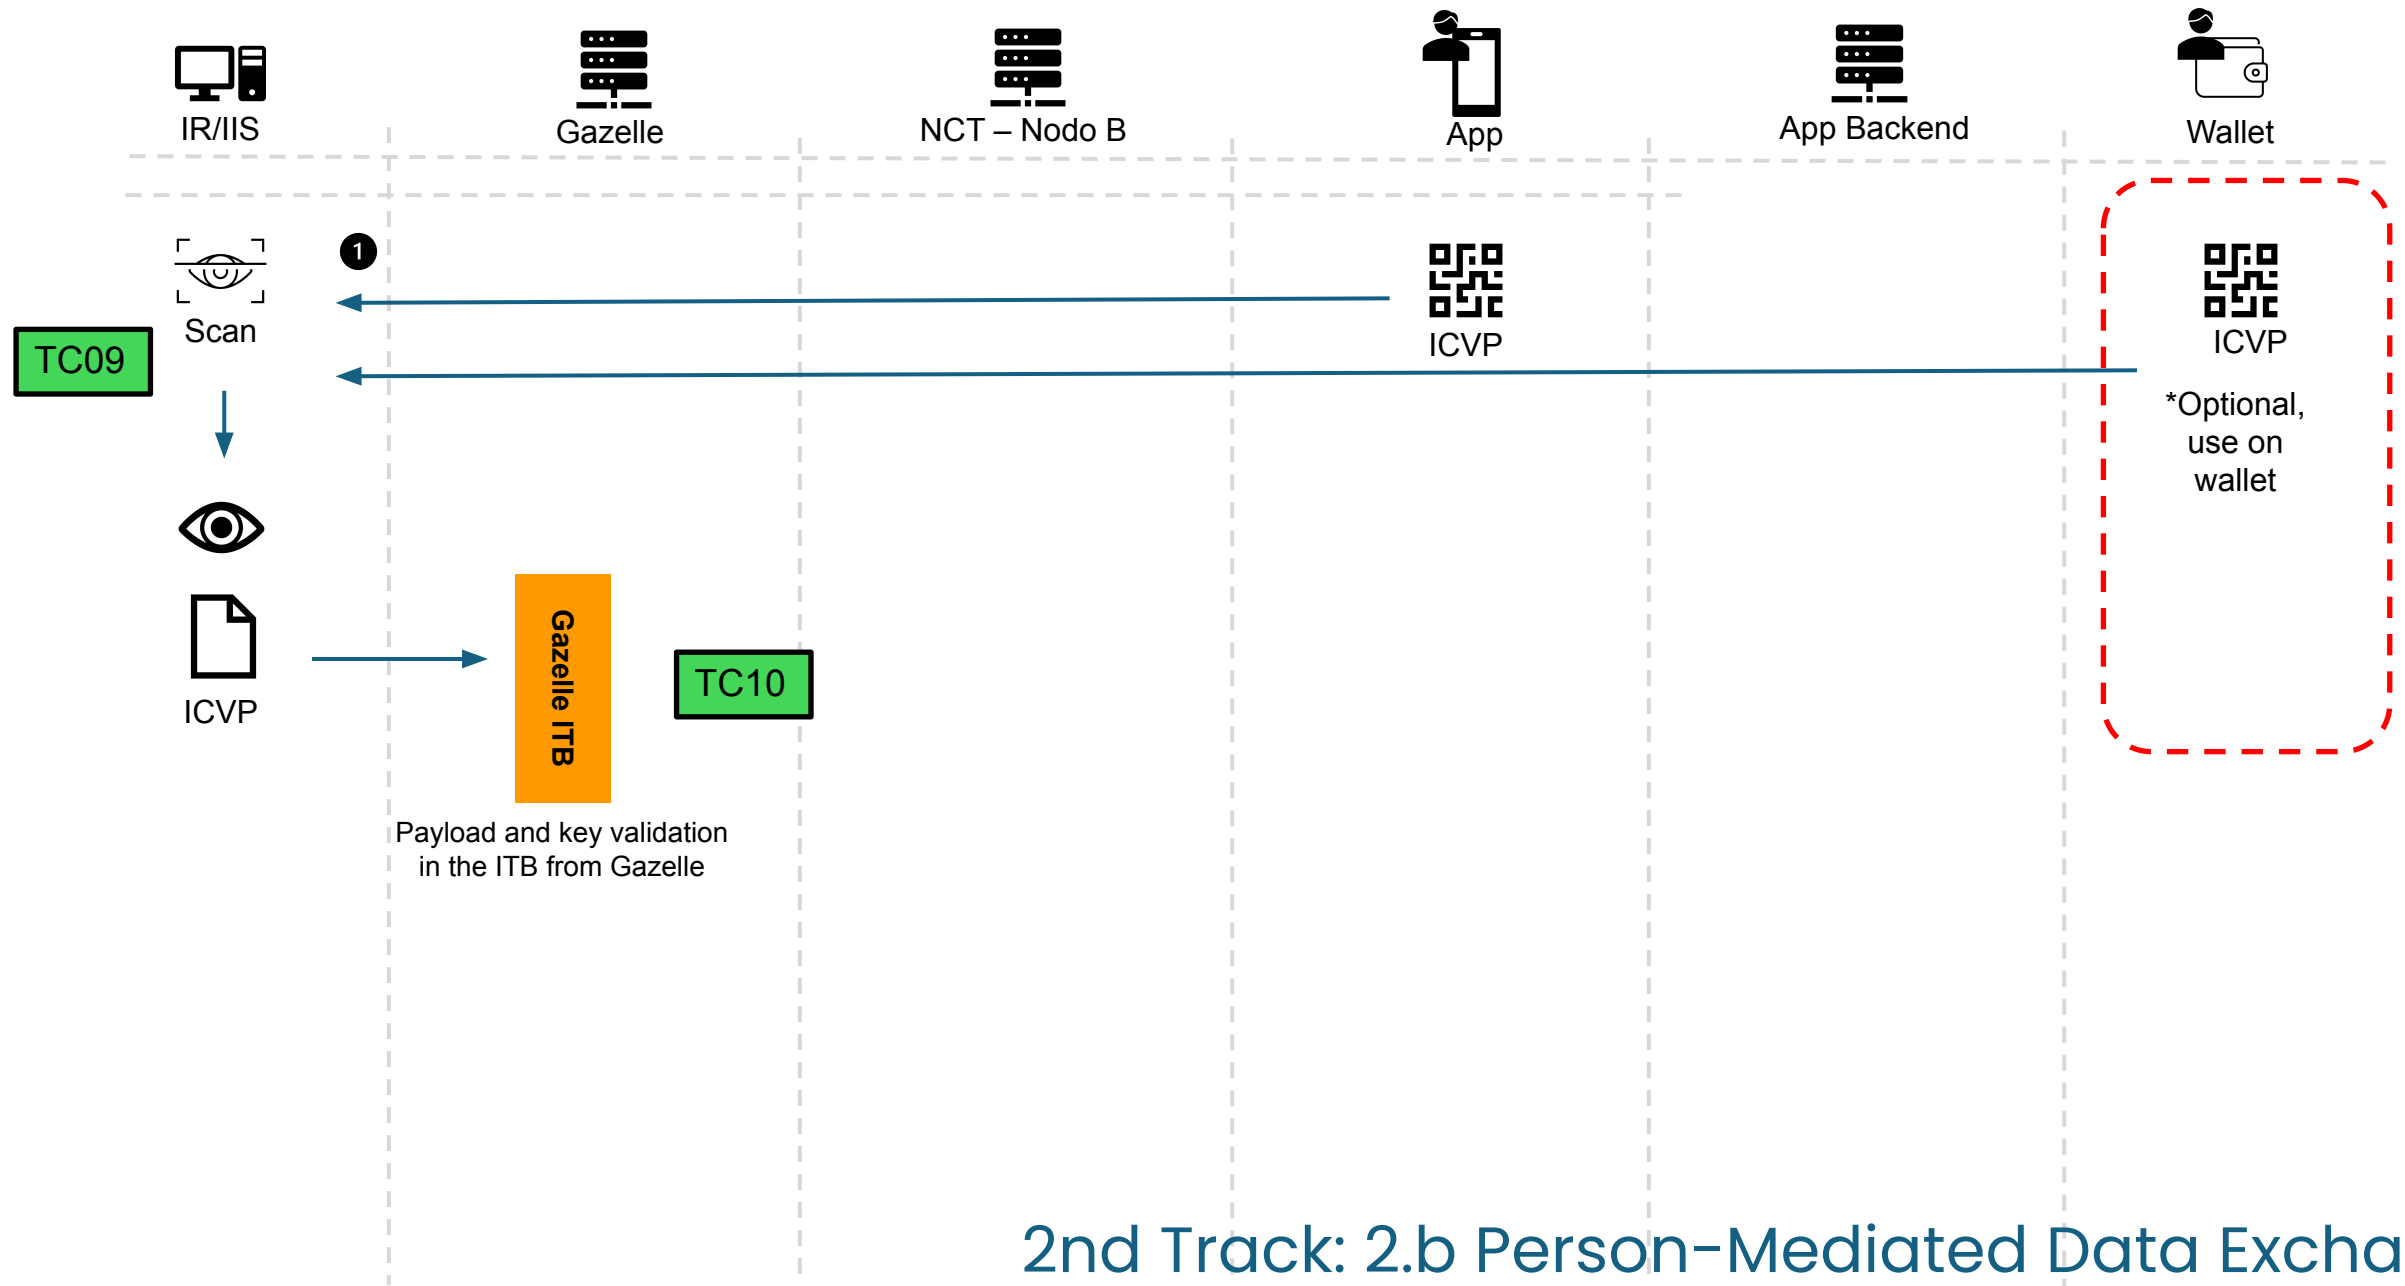

Description of TC07

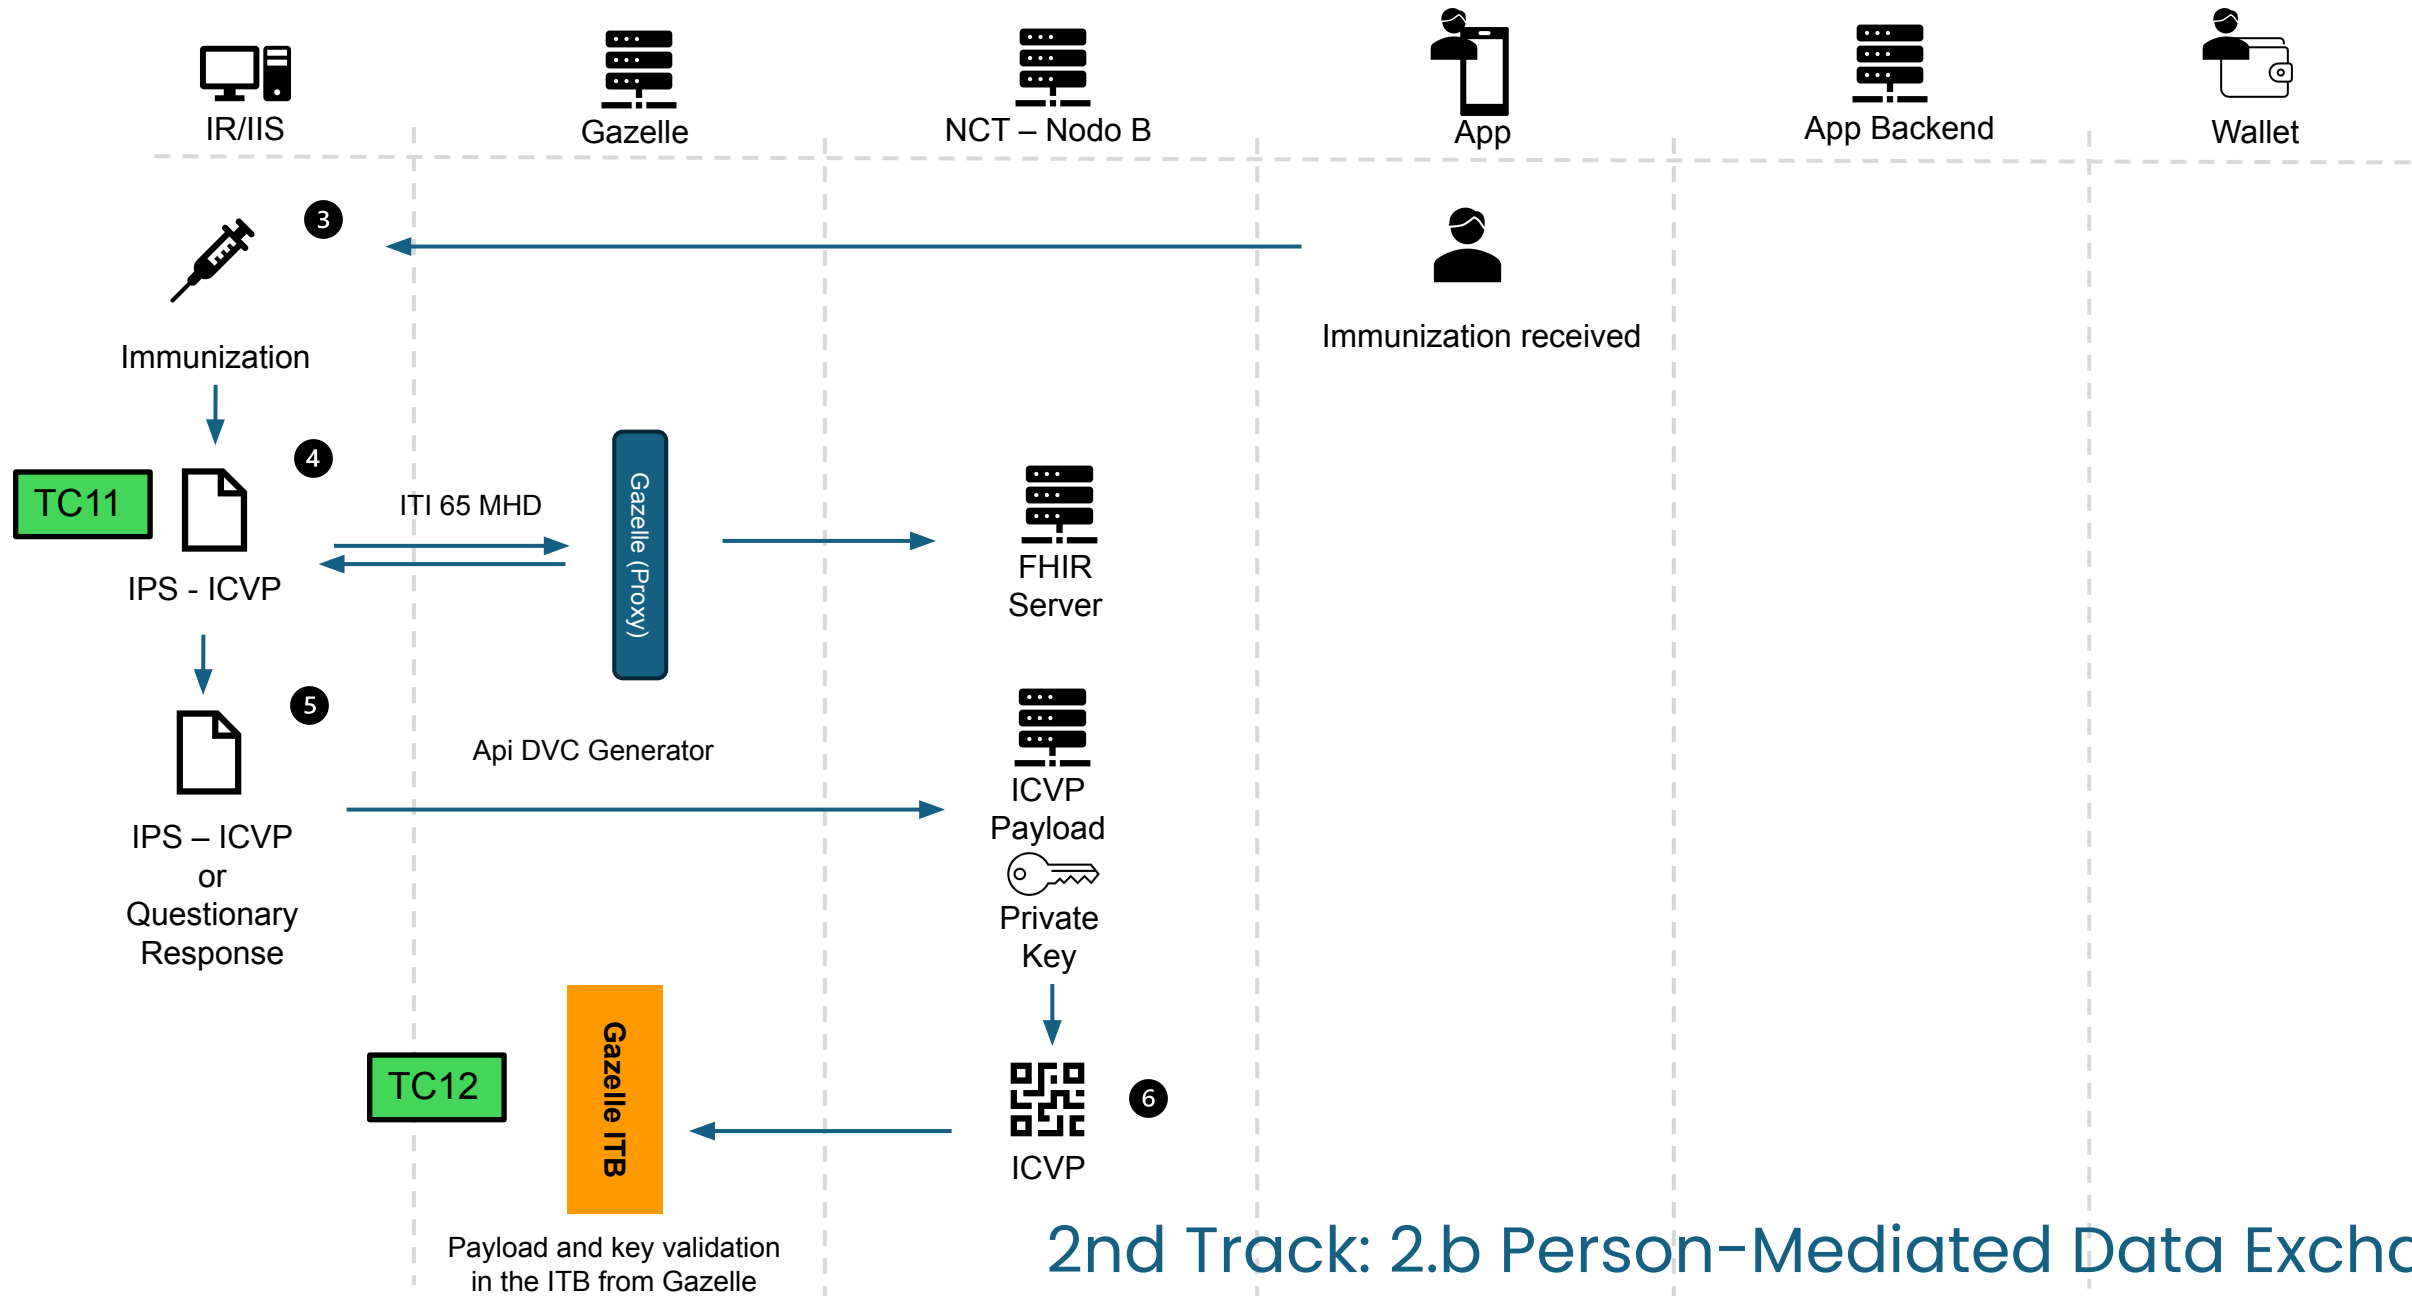

2nd Track: 2.a ICVP on APP

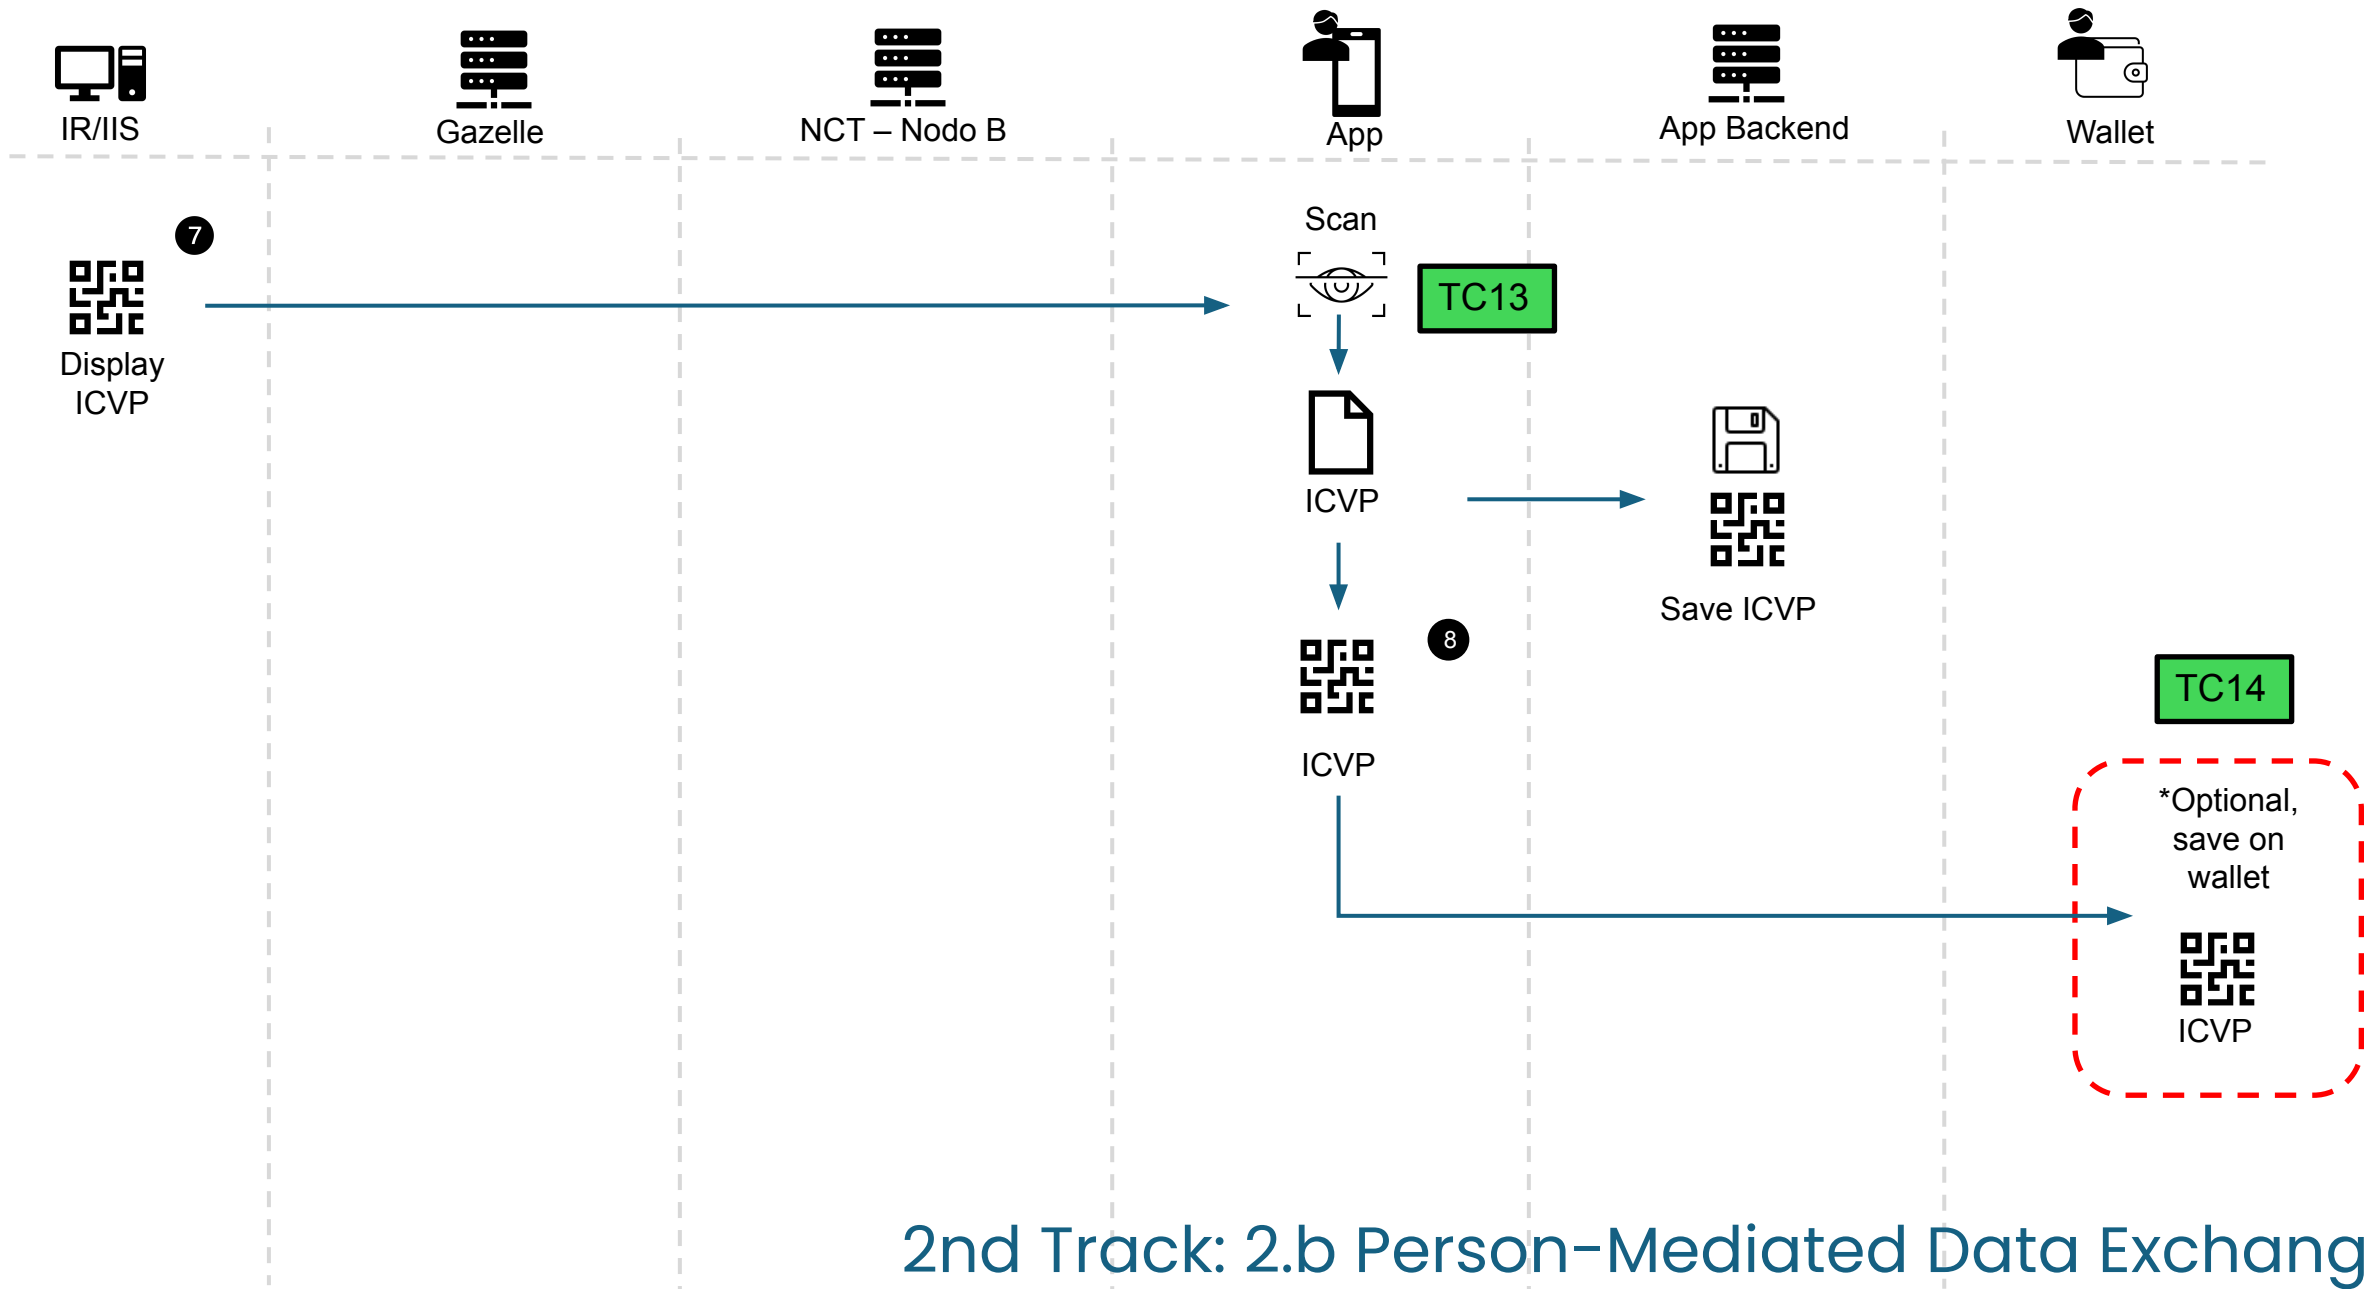

Digital vaccination certificates

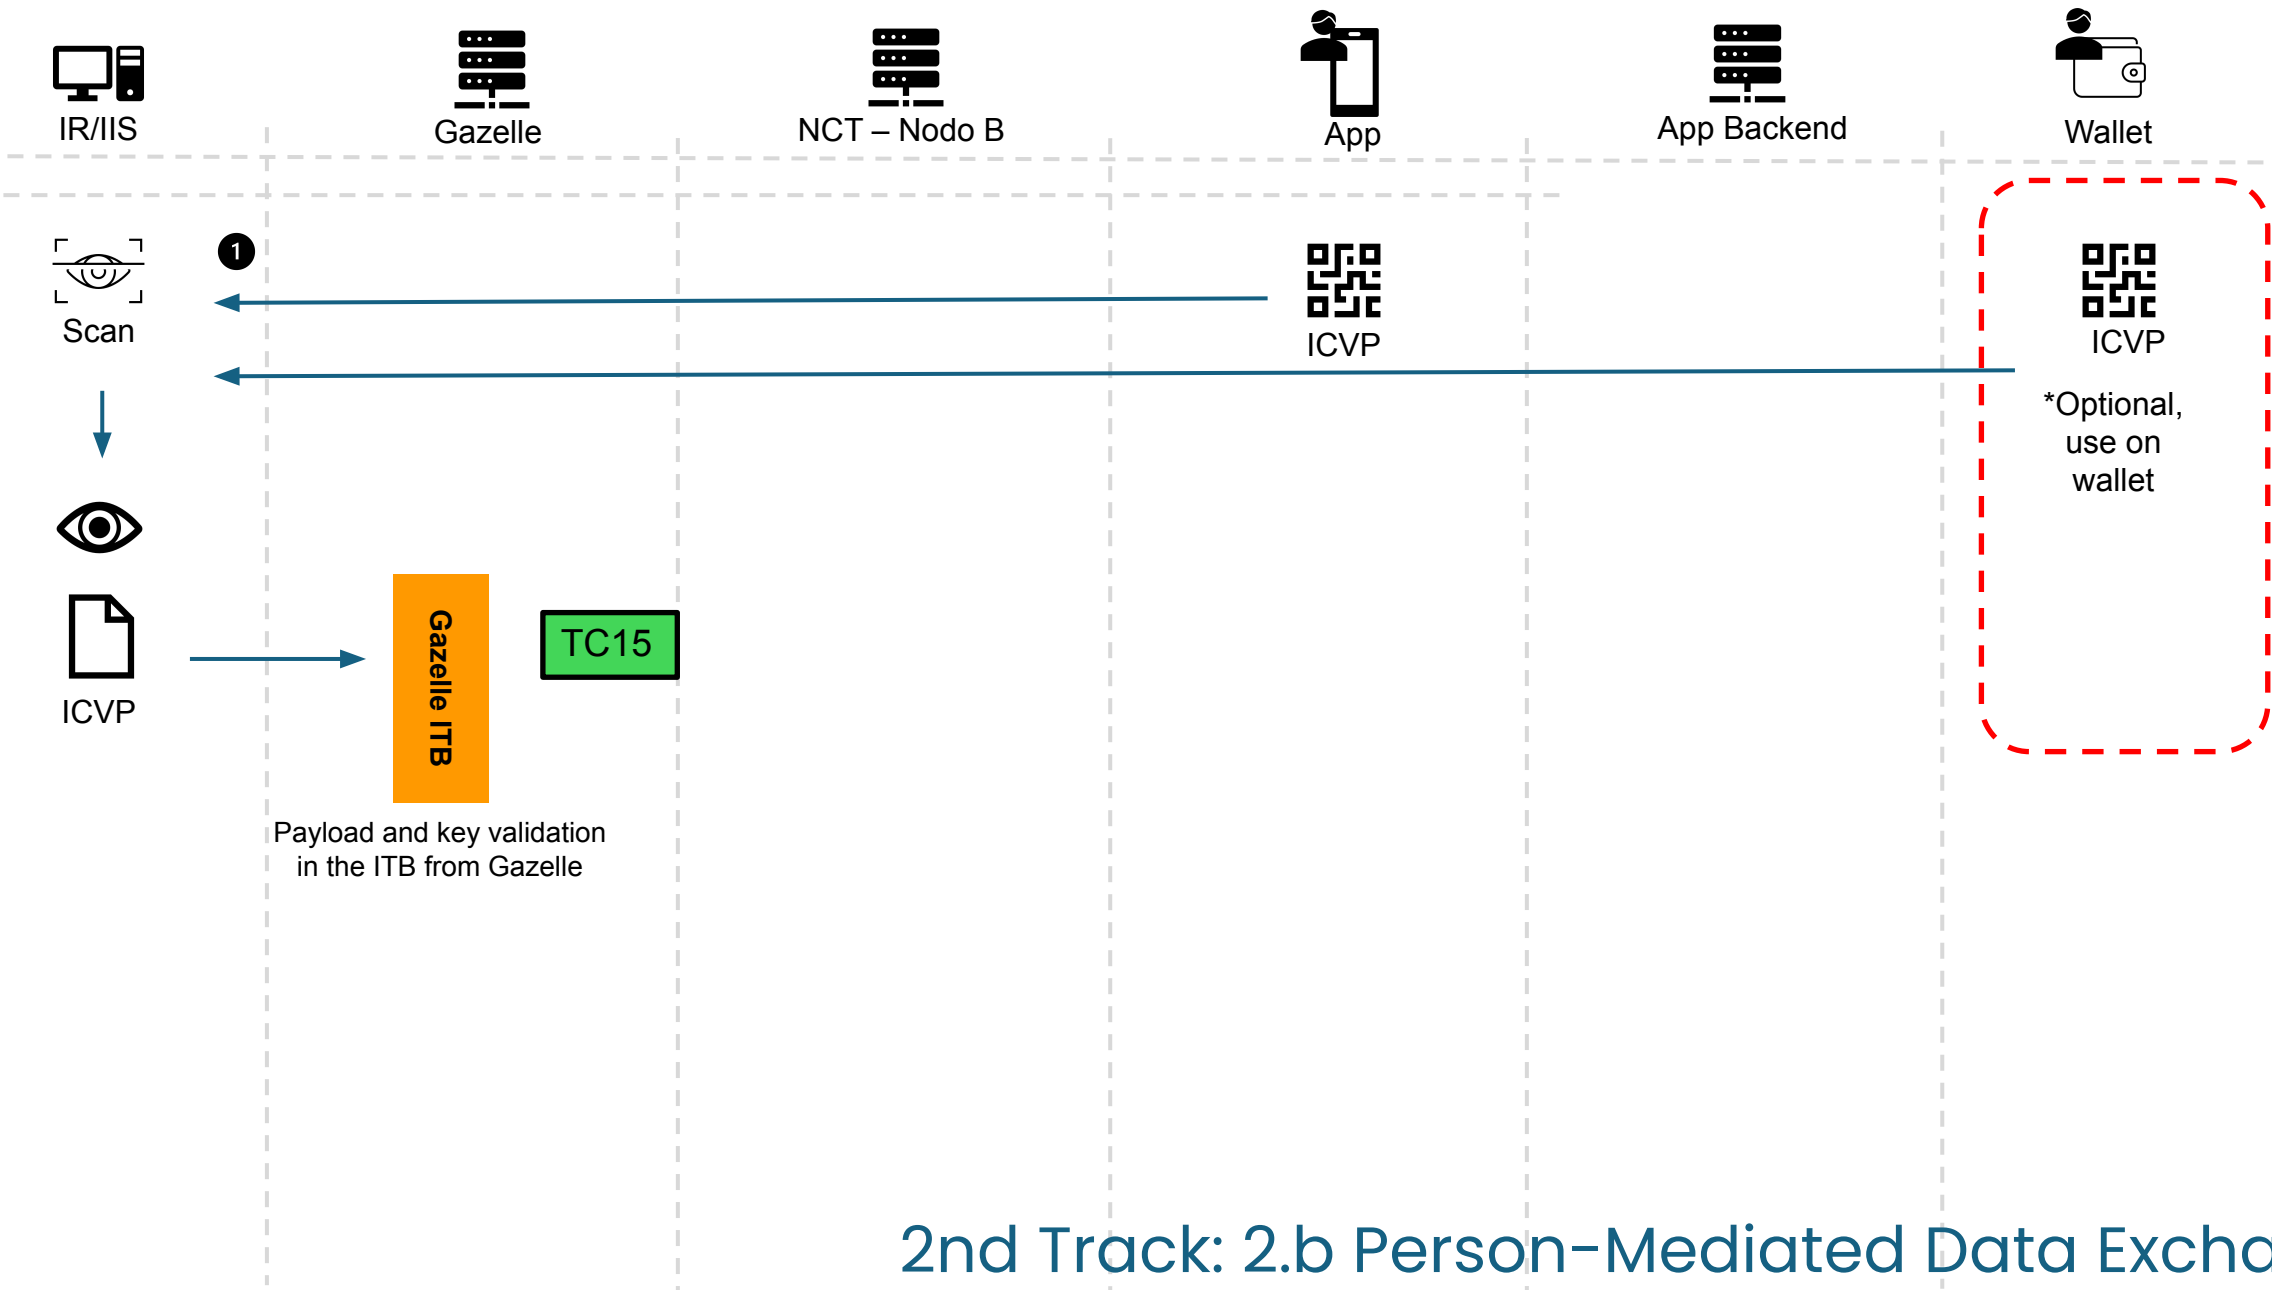

2nd Track: 2.b Person-Mediated Data Exchange

Digital vaccination certificates

2nd Track: 2.b Person-Mediated Data Exchange
